## Hold Suspect In Seizure of Mason Girl, 11

### Bulletin

A 15-year-old youth was taken into custody by Mason police shortly after noon Wednesday as a suspect in the seizure of an 11-year-old Mason girl on a downtown street here late Monday afternoon. Police Chief Tim Stolz said the youth is a resident of rural Mason.

Mason police have launched a widespread search for a white male subject described as being about 15 years of age, tall and slender and wearing glasses who grabbed an 11 year old Mason girl on a downtown street last Monday about 6:30 p.m. and mistreated her but did not assault her. The girl and her 6 year old brother were on their way home from a downtown store when the man accosted her and grabbed her. She screamed and broke loose, then fell down, causing a slight injury to her arm.

According to police, the little girl told this story:

She said she and her brother had come downtown together and she had purchased a bottle of pop which she was drinking as they started homeward.

As they reached the northwest corner of Oak and Jefferson streets, a person the child described as a "young man" approached them and grabbed her, at the same time driving her brother away with a warning to go home.

Then the "young man" forced her to accompany him across the parking lot to an alley behind stores in the 400 block of S. Jefferson street. After entering the alley, he blindfolded the child, placed his hand over her mouth and started up a stairway with her.

Halfway up the stairs, he suddenly stopped and brought the girl back down, removed the blindfold and released her with a warning that he would kill her if she notified police.

But the "young man" had not counted on her younger brother. The boy, after being driven off, walked northward on Jefferson, hailed a police car and told the story.

By that time, however, the assailant had made his getaway. Police immediately put a city-wide search into operation. Chief Tim Stolz said the girl's clothing was torn in the struggle with her accoster but she was not molested. When preliminary questioning of the child was completed, police took her and her brother home in a patrol car. The child was treated for shock but otherwise was unharmed, police said.

## Faces 2 Charges in Shooting

Albert Judson, 2500 S. Hawley road, Mason, stood mute Monday, Sept. 13, at his arraignment before Roy W. Adams, justice of the peace, on charges of felonious assault with a weapon and careless use of fire arms causing injury and was released on \$750 bond.

The charges stem from a shooting incident Sept. 2 in which a Leslie youth Charles Noe, 17, of 4780 Walker road, was wounded over 70 times with buck shot in the back, head, arms and legs.

Investigating Ingham county sheriff's deputies took a statement from Noe at the Mason General hospital where he was hospitalized until Sept. 8. Noe said that he and 4 other teenagers had gone out to the Judson trailer to heckle the owner.

Judson told officers that for the past 5 years youngsters from Leslie had been harassing him. On the night of Sept. 2 Judson said he saw the youngsters attempting to break his yard light and shouted at them to stop or he would shoot.

The boys ran and Judson fired, hitting Noe.

HENRY HITE

## Tallest Man Pays City Visit

The weather's just great up at the top of Henry Hite's 8 foot 2 inch frame.

Henry, who is a gentleman giant weighing in at a thin 300 pounds, is traveling around the country to all supermarkets that handle Corn King bacon and ham. Friday he visited at Darrell's Thriftway Market at W. Columbia and Aurelius roads.

He was in the greater Lansing area through Saturday. Although he travels here and there constantly, Henry tries to make it home to Chicago every weekend.

His wife, Maria, is 5 foot 3 inches. They live in a home with 12 foot ceilings, 10 foot high door ways and custom-made furniture, including a 9 foot bed.

While traveling, Henry says the motel people are very accommodating. During his Lansing stay the area motel put 2 beds end to end for him. Henry says he is the only one around with wall-to-wall beds. "I truly enjoy my height and only run into problems when I walk through door ways and forget to duck my head," he said. Everything is kingsize about Henry except his car. He uses one of the smallest compacts by removing the front seat and sitting in the rear.

Till age 10 Henry grew at a normal rate, but along came his twelfth year and he sprouted up 4 inches in one month. He jokingly tells of going to bed in long pajamas and waking up in shorts.

Even though he had reached 7 foot 2 inches by the time he was 12, he kept growing until he reached 8 foot 2 inches.

Reminiscing about his high school days, Henry said he actively participated in all sports, particularly basketball.

See Tallest Man, Page A-8

## Police Nab Man In Store

For the second time in about one month the Felspauch's super market at 132 S. Cedar street, Mason, was entered Thursday morning, but nothing was taken, thanks to the alertness of Mason police officers.

They arrested a man they identified as Daniel E. Ames of Mason. He was arraigned later in the day before Judge Adams of Mason justice court and stood mute on 3 charges of breaking and entering and one of possessing burglar tools. He stood mute and was released on bond of \$2,500. Examination will be set at a later date.

Chief Tim Stolz of the Mason police said Deputy Joseph Southwell of the Ingham county sheriff's department, who lives next door to the super market, saw a person inside the store around 8 a.m. and thought at first it was a janitor. Then he notified Mason police and patrolmen Donald Green and Albert Janutole converged on the market.

As they watched they saw a man go around a corner of an aisle and out the rear door and over a fence. They gave chase and apprehended him in the 600 block of W. Columbia street. Police said the intruder first attempted to jimmy the front door of the store, and being unsuccessful, went to the rear door which he forced open. Inside they found the back of the safe half peeled away, but could find nothing missing.

Felspauch's was robbed on August 7 when a burglar got away with about \$300. The thief has not yet been apprehended.

An area breaking and entry under investigation by the Ingham county sheriff's department occurred at Wickes Lumber company, 781 Hull road, Mason, over the weekend.

The break-in was reported by Amos Kline, company manager, who said several vending machines had been tampered with and also the office change drawer and safe.

Deputies surmise that entry was gained by crawling under a fence and forcing open a door on the north side of the building. The thief only got a small amount of change and was unsuccessful in trying to get into the safe.

This is the second such robbery to happen at the lumber company. In the first breaking and entry the thief also made for the vending machines and office change drawer.

## Pen Pals Visit

Heather Garden of Sidney, Australia, has been visiting with Kristin Ridley, daughter of Mr. and Mrs. Lyle Ridley, 227 Steven street, Mason. The girls became acquainted through a pen-pal program in the school when Kristin was in the sixth grade. Kristin wrote to Heather as a pen pal and the girls became good friends.

## \$1,223,251 School Budget Given Approval By Board

NEWLY ELECTED QUEEN — Helping the new queen of the Michigan Travel Trailer club Beverly Mays of Gregory from her trailer are (left to right) William Fox, Fred Corliss and Walter Snider. Miss Mays was selected during the annual meeting of the Michigan Travel Trailer club at the Ingham county fairgrounds Friday through Sunday.

## Gregory Girl Is Queen Of Michigan Trailerites

Trailerites from all over the state of Michigan and Ontario, gathered at the Ingham county fairgrounds for the annual election rally of the Michigan Travel Trailer club.

Some 100 trailers were in attendance with a family from Port Edward, Ontario driving their trailer the furthest for the meeting. Identified by their red berets, the group spent Friday through Saturday on the grounds holding special meetings.

One of the big events of the weekend was the selection of a Michigan Travel Trailer queen from teenage members of the club. This year's queen is Beverly Mays, daughter of Mr. and Mrs. Lloyd Mays of Gregory, Michigan.

The club plans at least one rally every month from April through October. Individual groups of trailerites get together in small groups and plan additional trips also.

In all the membership totals 485 trailers. Most of the vehicles are equipped with citizen bands for communication among members while on the highway or while in camp.

The club is strictly a recreational organization with potluck dinners, dances for teens and square dances for adults. Special movies are shown on one of the camp out nights plus many other things that the members might find entertaining.

Officers elected during the annual meeting are Warren Ossenheimer, president, Ypsilanti; Walter Snider, first vice-president, Nankin; William Fox, second vice-president, Bloomfield Hills; Fred

Corliss, secretary Union Lake, and O. R. McArthur, more club scheduled rally the first week of October. Ferndale, Treasurer.

## Adult Classes Being Planned

Mason schools are organizing to offer adult education courses starting early in October, M. Chandler Nauts, superintendent of schools, announced this week.

He said the school administration is developing a program of courses in art, sewing, business education, physical education, but he added, anyone with a specific course in mind he would like to have scheduled should call Nauts' office, ORchard 7-3011.

This year's program is starting several weeks earlier than last year. All classes will be conducted in the evening hours.

Last year's adult education was extremely popular, Nauts said, with about 216 persons enrolled in the various courses.

## Schools Won't Give Up On Oak Street Matter

A lively little tussle between the Mason board of education and the Mason city council is being waged these days over the opening of E. Oak street between Jefferson and Park street to traffic. The junior high school is on one side of the street and the Manual Arts Building, where there are classrooms, is on the other side.

For several years, the schools have used this street to park their buses during school hours. Consequently the street was closed to motor traffic.

But a week or so ago the city council ordered the buses off the street. Police set up signs reading "no parking during school hours" and erected a traffic light over the center of the street at a crosswalk between the 2 school buildings as an aid to students crossing back and forth to classes.

School officials say about 300 students cross the street between class periods every 42 minutes 7 times a day.

The latest flareup came at a meeting of the school board last Wednesday night when the board sent a letter to the council asking that negotiations be reopened so the closed street could be re-opened again.

school building, a new elementary school at North Aurelius, a swimming pool and additions to the Cedar street

## Reserve Fund Is Set Up

The Mason Board of education Wednesday night approved a record high budget of \$1,223,251.

This includes \$394,947 which is the local tax levy and is used for operational expenses. Contributions from state aid and federal funds will make up the remainder of the record total.

Local monies for the budget come from 2 sources an 8.112 millage approved by the county allocation board and a 6,000 extra millage approved by voters 2 years ago.

At first board members considered only levying 5.8 of the possible 6,000 extra voted mills, but decided extra funds for building maintenance would be necessary.

In considering the proposed budget, Lyle Thorburn, board secretary reminded the board that the building and site sinking fund expired a year ago and that some maintenance items which formerly were paid from that fund would have to come from the general operational fund in the future.

"It would be nice if the schools had a reserve fund to fall back on as many unforeseeable things could happen to anyone of the schools in the area of maintenance," he said.

Board members brought up such items as the school bus fleet, painting, roof and furnace maintenance that could be very costly should something go haywire.

Monies gained from levying the full 6 extra voted mills would be used for unexpected maintenance and purchases. "Maintenance is a constant problem and it only gets worse if it is neglected," Robert Ware, board member, said. The 6 millage request was unanimously accepted.

Also at the meeting members approved a resolution to set the bond issue amount at \$460,000. Should the bond issue be approved at the September 27 election, some \$358,400 would be used to construct 12 new classrooms for the senior high school and \$101,600 to be used for remodeling and fire safety improvements for the junior high school.

To finance the improvements and additional classrooms, board members would levy not more than a 1.92 millage hike to be spread over a 10 year period.

## Swerves To Miss Dog, Boy Hurt

A teenage Mason boy was injured in an auto accident Monday, when he tried to avoid hitting a dog on Onondaga road south of Bunker road.

Taken to Eaton Rapids hospital was Ivan Swift, Jr., 16, of 5086 Barnes road. Swift told investigating sheriff's men that he swerved away from the animal striking a culvert and then a tree.

## According To Committee

### Bond Issue Costs Only 1.92 Mill Tax

Passage of a school bonding proposal at the polls Monday, September 27, will mean a levy of only 1.92 mills in 1966 for a \$464,400 program which includes \$358,400 for a 12-room addition to the senior high school building and \$106,000 for safety renovation at the junior high school. These figures were released by the school study committee.

In 1959 Mason built a new senior high school and levied 4.91 mills for the project, plus a levy of 3 mills for building and site fund for a total of 7.91 mills.

Since then the school district has acquired a high

Rexford C. Stribley, a school board member, voiced his worry about an accident. "It would take just one wild driver," he said.

The council has maintained that junior high school students are old enough to have some responsibility and that the schools should be able to teach them safety rules. Meanwhile the buses, ousted from the street, have found parking places at the rear of the junior high school, at the senior high school and at the new North Aurelius elementary school.

(See Bond Issue, Page A-8)

A DAY OF FIRSTS — Everything is brand new in this kindergarten room of the North Aurelius school including the students, teacher and the building itself. For their first day of school, Mrs. Donald Usiak helped pin name tags on all the little ones to insure they got on the correct school bus for that all important ride home from the first day of classes.

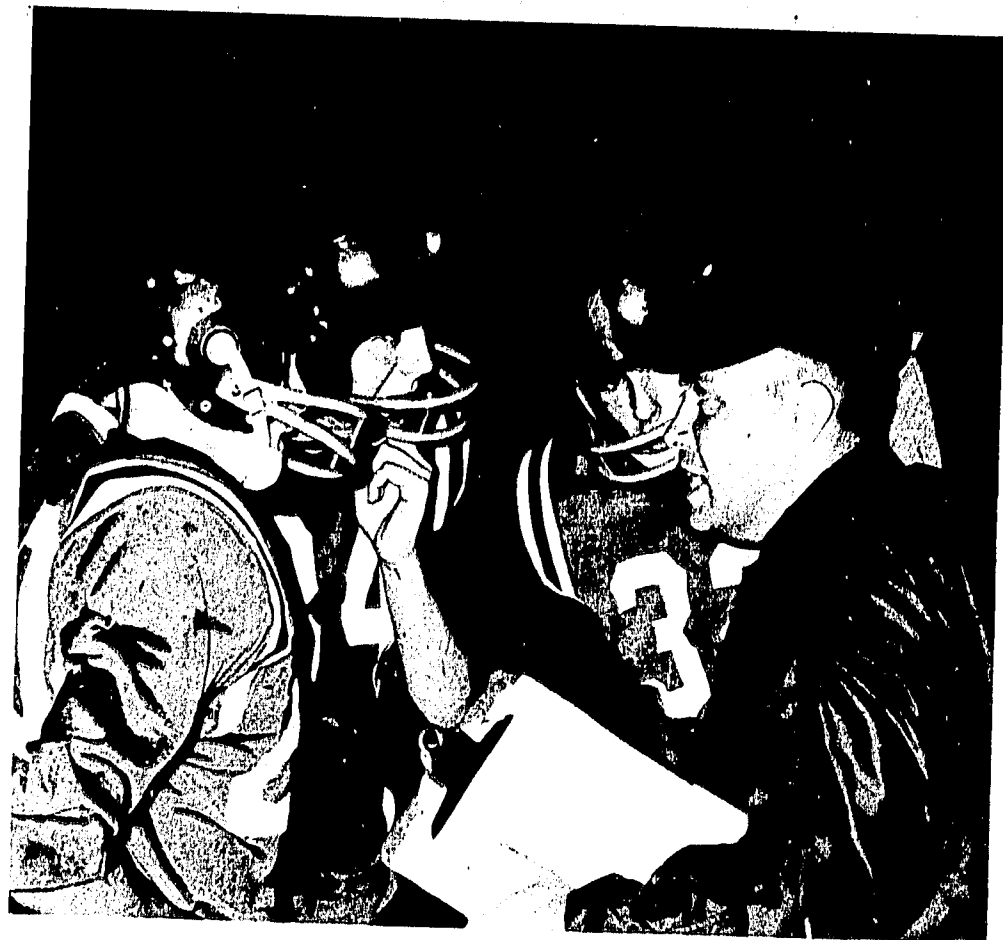

## Cool Days To Remain

Fall doesn't arrive until September 24, but weather reports for this week give indication of its nearness.

The U.S. Weather Bureau forecast for Thursday is for increasing cloudiness with showers by Thursday night. It will continue rather cool Thursday.

Low tonight will be in the middle 40's and high Thursday near 70. The rain is expected to end Friday but the cool weather will continue.

Mason OES roast beef dinner, Friday, September 24, Masonic Temple, Mason. Serving 5 to 8 p.m. Adults \$1.50, children 75¢.

STRATEGY WAS THE MAIN TOPIC of discussion Saturday night when Mason scrimmaged Waverly. Here Backfield Coach Bruce DePue maps some backfield devilry for Carl Lawson, Larry Zigler and Rocky Conklich. Mason will be scrimmaging for keeps Friday night when St. Johns comes to town for the season opener.

SOMEWHERE DOWN ON THE BOTTOM of this pile is Mason's new Jayvee coach Herb Schultz, telling the Mason squad how its going to be done. Coach Clyde Claycomb is the coach bending over to get the deep dark secret.

### Injuries Pose Problems

# Mason Will Face St. Johns Gridders

The moment of truth will come for Mason's Coach Roger McIntosh will come at 7:30 Friday night when the first kickoff of the 1965 grid season starts the new Mason coach and his squad on the way.

All is not as rosy as it could be in the Mason camp with a rash of injuries taking its toll.

Last week it was a pair of promising back who were out of action and who missed the

Saturday night shakedown scrimmage against Waverly. Steve Strickland and Ron Underwood both returned to full duty Monday. Strickland's ankle was not giving him any trouble and Underwood had recovered from an internal bruise.

The good news was offset by bad, though, when Darrell Castelline, a starter at tackle, fractured his hand. He is definitely lost for the opener against St. Johns. Then Doug Hills, a standout defensive performer in the Waverly scrimmage, came up with a slight elbow fracture. He stands a remote chance of shaking off the injury by Friday.

To fill the slot left by Castelline Bill Barnes will move over to the vacancy with Jim Thorburn stepping into Barnes' guard spot. Dave Droscha will take over for Hills if he can't answer the call Friday night.

In the Waverly scrimmage Mason's defense against the running attack stood up well. There were some lapses in defending against the passing game, though, and passing is what Mason players are most apt to bump into Friday night. Gene Radamacher, All-State quarterback from last year, will be on hand with his aerial bombs which scuttled Mason last year. His favorite targets are Jim Leonard and John Hospodar. The Mason defenses will have to stay honest, though, because Lee Hill and Tom McKenzie have the speed and power to go all the way on a moment's notice.

The Red Wings will have much of the same size and speed which brought them a West Central championship and state-wide recognition last year.

Mason's offense did not appear overpowering against

Waverly. Ross Ginter came up with the most consistent gains with his fullback smashes and on occasion Larry Zigler and Rocky Conklich broke loose for the long gainers.

Mason's passing was spotty and blocking wasn't as sharp as the Mason coaching staff intends for it to be.

All in all, McIntosh called the Saturday night scrimmage fairly successful, after studying the movies Tuesday.

Aside from the lineup shifts due to injuries the backfield performers will be Ginter,

MASON'S FRESHMEN football players made their first scrimmage with the doc in preparation for a 5-game slate which will start Wednesday, September 9 at Okemos. Dr. O.K. Pauley with the hair face is shown taking a blood pressure reading from Dave Birney while Al Gerhardtstein and Jerry Derry look on.

## Haslett and Fowlerville Will Bump Heads Friday

The Fowlerville Gladiator Football team will open its 1965 season against the Haslett Vikings at home. This has been one of the best rivalries in Central Michigan.

In the last five years Fowlerville has won three times and tied once but has only scored seven more points than Haslett in that five year period. Last year Fowlerville won a narrow one point victory over Haslett.

Coaches Brigham and Arnold have been working hard to fill the positions left vacant by graduation. Fowlerville will field a new backfield which will probably be one of the lightest that Fowlerville has had in recent years.

Seniors Dave Rossetter (165) and Rick Dey (159) are battling it out for the starting quarterback position. Dave was the number two quarterback last year and Rick missed last season with a leg injury.

Francis Geer (153) Marvin Sober (151) and Dennis Lintemuth (150) are in contention for the fullback position. None of these boys have had any varsity experience.

Lettermen, Dan Perroud (175) and Pat Devine (150) are leading Mike Saunders, Bill Call and Larry Sparks for a starting halfback position. If any position is set on the Gladiator team it is tackle. Alan Grostick (214) and Terry Ganton (197) are set to start their third season at tackle. Alan was an all-conference tackle last year.

Dave Elsele (165) at guard and Gary Benjamin (180) at end are returning starters. Joe Ridley (213) who lettered at tackle last year and John

Glover (195) up from the reserves are fighting for the other guard position. All three boys who played center last year graduated.

Two lettermen, Eric Lutz, a guard; Jack Hughes, a linebacker and Rodney Bessert up from the reserves are in contention for the center position.

There is a lot of competition for the end position. Alan Westmoreland, a returning letterman, Jim Smythe and Ben Purchase, up from the reserve team and Gary Kenroy who has moved up from the freshman team.

On defense, the line will be led by Grostick, Ganton, Ridley, and Glover playing the interior positions. The ends will be Benjamin and either Westmoreland or Bill Rife, a junior who has moved up from the reserves.

The linebackers are led by Dan Perroud with Elsele, Sober, Lintemuth and Hughes fighting for the other position. The backfield will be led by Ron Russell a returning letterman, Devine and Kenroy with Geer, Saunders and Bill Call a sophomore backing them up.

The following boys will help to provide the depth that a good team needs. Bob Carson, Ken Copeland, quarterbacks, Dave Evans, an end and John Hicks, a guard are up from the reserve team and Ron Kuch and Herb Mansell are returning lettermen.

Dennis Horton, a senior who was expected to work in the defensive backfield is injured and will be out for most of the season. Chris Morse, a junior linebacker is also injured.

## Howell To Face Fenton For Season's First Test

Coach Gil O'Doherty will take his first look at Howell's Highlanders Friday night when the Capital Circuit team takes on Fenton. O'Doherty is in his first season as head coach at Howell.

O'Doherty, in inheriting the top job from the departed Don York, also inherits some 11 returning lettermen of varied experience including a solid one-two quarterbacking nucleus of senior Billy J. Simmons and junior John Thiel.

The same two youngsters shared the signal calling chores a season ago when the Highlanders lost three of three of their early games; of 10 points -- not including the Fenton massacre -- and yet managed to finish the campaign with a winning 5-4 record.

Their presence, along with returning lettermen at ends in Greg Hahn and Ray Fredenburg, and the presence of outstanding runner-receiver talent like fullback Norm Patton and halfback Dennis Cunningham, figure to give Howell improved balance and scoring potential if O'Doherty can develop a line to support them.

"We could be explosive to a degree," says O'Doherty with certain guarded optimism. "Everybody knows we

can throw as well as run this year . . . and will.

"We like to think we are capable of scoring from any place at any time and should get a couple of touchdowns or so in most games. We're hoping our defense can hold the opposition to less."

O'Doherty returns experienced linemen at center, right guard and right tackle in Gary Mitchell, Terry Thurman and co-captain John Austin, respectively. However, Mitchell and Thurman were primarily defensive players a season ago.

On the left side, guard Gordie Miller and tackle Rick Hahn are both graduates of last year's Junior Varsity squad and must come through in a strong way if the line is to completely complement Howell's promising backfield.

O'Doherty has Billy A. Simmons working in strong competition with Cunningham for the right halfback slot while Mike Yost and Charles Bain are the battlers for left half.

## Lansing Girl Weds Local Man Saturday

Trinity Lutheran Church, Lansing was the setting for the Saturday afternoon, September 4 marriage of Miss Jamie Jo Simons and William C. Bray. The altar was decorated with baskets of white gladioli and lighted candelabra. Reverend William C. Huener officiated at the rites. The bride is the daughter of Mr. and Mrs. James J. Simons of Lansing.

Mr. and Mrs. Dee L. Bray are parents of the bridegroom. For the ceremony William Burrows of Okemos played traditional wedding music at the Organ. Miss Beth Haberkorn of Fort Wayne, Indiana sang "Oh Promise Me," "Oh Perfect Love" and "The Lords Prayer".

For her wedding the bride chose a silk organza gown with a fitted bodice of re-embroidered Alencon lace, accented with seed pearls, a scalloped neckline, elbow-length sleeves banded in lace, a semi-belle skirt with a wateau chapel train. She carried snow-white roses, white carnations and ivy surrounding gardenias.

## St. James Women Meet

A potluck supper highlighted the first meeting of the St. James Rosary and Altar Society, which was on September 9 in the church hall. Floral bouquets decorated the tables.

Mrs. J.B. Evans then installed the new officers which include Mrs. Patrick Risner, president; Mrs. Gerald Swain, vice-president; Mrs. Max McCann, treasurer and Mrs. Thomas Hopp, secretary. The new officers were presented corsages by their corresponding outgoing officers. A gift was presented to Mrs. John Bergeon, past president, in appreciation for her work of the past year.

Mrs. Risner then presented her other officers and committee chairmen. They consist of Mrs. Walter Robinson, second vice-president; Mrs. J.B. Evans, third vice-president; Mrs. William Perfit, fourth vice-president; and Mrs. John Bergeon, parliamentarian.

Deanery delegates also named were spiritual development, Mrs. Gerald Swain; Catholic charities, Mrs. John Bergeon; family and parent, Mrs. John King; libraries and literature, Mrs. Harold Hamilton; Spanish speaking, Mrs. Owen Chamberlain; social action, Mrs. Arthur Day; organization and development, Mrs. Patrick Risner; and public relations, Mrs. Nolan Hall.

An afternoon tea will be held at the home of Mrs. Milton Bergeon, September 28.

The next meeting will be on October 14 with Father Thomas McDewitt speaking on "Papal Volunteers for Latin America."

## Marriage Announced

Mr. and Mrs. Lawrence Sorenson of Holt have announced the marriage of their daughter, Starr Ona Lee Sorenson to Ronald E. Brown, son of Mr. and Mrs. Charles Brown of 4747 Ardmore road, Okemos. The marriage took place in the Glad Tidings Assembly of God Church in Norfolk, Virginia. The bridegroom is stationed in Norfolk, Virginia aboard the USS Forrestal. The new Mrs. Brown will reside in Michigan until her husband returns from an 8 months cruise.

## Banquet Date Set

A mother and daughter banquet will be at the Maple Grove Baptist church, 5907 South Logan, Friday, September 24 at 6:30 p.m.

The special speaker will be Mrs. R.S. Nicholson and special music by Mrs. Roscoe Root, Mrs. Donald O'Donald and Mrs. Richard Innes.

Reservations should be made by Tuesday, September 21 by calling Mrs. Horace Beach at TU 2-1887.

The theme of the banquet will be "Portraits of Womanhood."

## Bateman-Gomez Vows Exchanged

Miss Rebecca Bateman, daughter of Mr. and Mrs. Bernard Bateman, 2020 Adelpha avenue Holt was married Saturday afternoon, September 11 to Thomas Gomez, son of Mr. Martin Gomez of Houston, Texas, and the late Mrs. Martin Gomez.

The wedding took place in the Miller Road Bible church.

For her wedding the bride chose a floor-length gown of lace decorated with rhinestones. Her veil was styled with a double crown and also decorated with rhinestones and pearls. Her wedding bouquet was of pink roses and white carnations.

Mrs. Diana Kytie of Holt, sister of the bride, served as her matron of honor. Her gown was of floor length pink taffeta. She carried pink roses and white carnations.

Douglas Bateman of Holt, uncle of the bride, served as best man.

A reception followed the ceremony in the Delhi township hall.

Special guests were Mr. and Mrs. Arlo Gioner, grandparents of the bride, from Kalkaska, and Mr. and Mrs. Charles Bennett, aunt and uncle of the bride, from Traverse City.

After a wedding trip around Lake Superior, the newlyweds will reside in Holt.

## Methodist Women Meet

Mason Methodist WSCS started their fall meetings with a 9 a.m. breakfast in the church social room on September 8.

Deborah circle members were hostesses. They served blueberry muffins, coffee and juice from tables decorated with fall floral arrangements.

The Electa circle members presented the program and devotions. The devotions opened with a solo by Mrs. George Raymond; Mrs. Ben Guile gave the meditation.

The film strips on the solar solar system were presented by Mrs. Jim Mulvany, illustrating the program "Our Mission in the Space Age." Two new members were introduced by Mrs. Wayne Bullen, membership chairman. During the business meeting, conducted by Mrs. Roy Knopf, the group voted to have a harvest dinner for the public on October 6.

ENGAGED-- Mrs. Mae Jones of Stockbridge announces the engagement of her daughter, Brenda West to Raymond John Cole, son of Mr. and Mrs. Robert Cole of Gregory. Both are 1964 graduates of Stockbridge. Brenda is now employed at Consumers Power in Jackson and Cole is employed at Oldsmobile in Lansing. An October 16 wedding is being planned.

## Garden Club Has Meeting

The Aurelius Garden club met Friday evening, September 13, at the Aurelius town hall with an attendance of 27. Program chairman, Mrs. Wesley Clark, introduced Mrs. Don McKim who brought slides taken by her son, Wayne McKim, while he served in the Peace Corps in Tanganyika, Africa.

He arrived first in Nairobi and the scenes from Kenya Park were beautiful, showing mountains like some places in the United States. At Umbaya the Eucalyptus trees were interesting to see. In southern Tanganyika there was a lovely scene taken from a hill overlooking a settlement of homes with thatched roofs and garden plots. In another place they were celebrating Freedom Day which was the first anniversary of their freedom from Great Britain.

McKim went to school until Christmas to learn Swahili and some other things, so that he could go out and teach. After Christmas they went out two by two to do their part in helping to teach the natives the things they wanted to know. One scene showed a schoolroom of native boys from 14 years to 21 years all trying to learn to write. There were scenes of a Lutheran school showing the garden with pineapple, roses, petunias, and beans growing. Sixth, seventh, and eighth grades were housed in the dormitory where a small primitive kitchen had to serve the purpose. They make a corn soup which they call Ugi if it is thick, and Ugali if it is thin.

Mrs. McKim showed some scenes from her own garden in Lansing which did not need to take a back seat to any garden. Her beautiful Magnolia tree was thick with blossoms, and the watermelon vine that grew 4 large melons put on quite a show.

Mrs. Lawrence Dolbee, president, led a short business meeting. The club decided to sell the 1966 flower arrangement and garden calendar, handled by Mrs. A.B. Ziegler.

Columbia Creek park is fast losing its Elm trees. Discussion was held on cleaning up the dead trees and planting new ones. It was decided spring would be the best time for planting.

The next meeting will be on October 8 at the Aurelius town hall. Miss Patricia Smith, who spent the summer in Sweden as a delegate from the Youth for Understanding movement in the Michigan Council of Churches, will speak and show her slides.

## Cedar PTA Has First Fall Meet

Howard Oesterle, principal of Cedar school, introduced 18 teachers to an impressive turnout of parents at the first fall PTA meeting Monday night, M. Chandler Nauts, superintendent of schools, was on hand to answer questions pertaining to the operations and maintenance of the Mason school system. Assisted by Rex Stribly, school board member, the need for the new bond proposal was explained by Mr. Nauts.

The next regular PTA meeting will be a potluck supper on Monday, October 11. The December 13 meeting was designated as the annual Christmas walk-through. The Kiddie Carnival will again be held in April.

A board meeting is set for 7:30 p.m. tomorrow night, September 16, at the home of Dick Magel, president. Other officers for the 1965-66 year are: Mrs. Russell Parker, mother-vice-president; Larry Howe, father-vice-president; Mrs. Paul Jennings, teacher-vice-president; Mrs. Jerry Bates, treasurer; Mrs. Terry Clark, publicity; Mrs. Tom Botstford, membership; Mrs. Volney Gaedke, historian, and Mrs. Homer Potter, stamp chairman.

## It's a Boy

Born to Mr. and Mrs. David McKinley, 219 W. Loughborough road, Mason, a son, Shaun Patrick, September 2 at Mason General hospital. Mrs. McKinley is the former Sandra Perleberg, daughter of Mr. and Mrs. Frank Perleberg, Route 4, Mason.

## Kahres-Witkowski Nuptials Solemnized

Miss Eleanore Louise Kahres, formerly of Lansing, now of Wyandotte and Barney Frank Witkowski of Wyandotte exchanged sacred vows on September 11 at 2 p.m. in the Holt Methodist church. The bride's father escorted her to the altar for the double-ring ceremony. Reverend Phillip R. Glatfely, Jr. officiated at the rites.

Miss Kahres is the daughter of Mr. and Mrs. Martin H. Kahres of Lansing. Witkowski is the son of Mr. and Mrs. Frank Witkowski of Wyandotte.

For her wedding, the bride chose a floor-length gown of white taffeta with a full chapel-length train flowing from a waistline bow with wide streamers. The bodice was designed with a portrait neckline trimmed in re-embroidered Alencon lace and tiny pearls. The applied lace converged from the shoulders down the front dividing into three sprays over the skirt. Long fitted sleeves came to a point over the wrist. Her elbow-length illusion veil cascaded from a crown headed piece of pearls arranged in heart shaped motifs lined with matching lace. She carried white roses atop an old Bible which belonged to her great-grandmother.

Miss Janet Peterson of Wyandotte, a friend of the bride, served as maid of honor. Her gown was azalea pink chiffon over matching taffeta, floor-length, with a modified scoop neckline and long chiffon sleeves. The skirt was fashioned with a semi-bell front with added fullness in the back of unpressed pleats falling from a butterfly bow. Her headpiece was a Dior bow of azalea pink with a petal veil. She carried a cascading bouquet of white gladioli.

Serving in the capacity as best man was Marlow Kahres of Lansing, brother of the bride. Seating guests were Daniel Murphy of Lincoln Park and Glen Bassett of Lansing.

Penny Hanes of Holt, niece of the bride served as flower girl. She was dressed in an aqua floor-length taffeta gown with matching chiffon long sleeves and over skirt. The back was fashioned with a waistline butterfly bow. Her headpiece was a bow of matching taffeta. She carried a basket of rose petals.

Lynn Lantz of Jackson, cousin of the bride was ringbearer.

Mrs. Marie Miller of Lansing, an aunt of the bride played traditional wedding music on the organ for the service.

A theme of pink and white was used in the church parlors for the reception immediately following the ceremony. Cake, ice cream, punch, nuts and mints were served the guests by Mrs. Paul Frakes, Okemos, Mrs. Julian Burt of Lansing, Mrs. Max Lee of North Muskegon, Mrs. Erwin Drahm of Lansing. Receiving, unwrapping and registering gifts were Susan Kahres of Lansing, niece of the bride; Edwards Kahres of Lansing, the bride's nephew; Mrs. Da-

vid Richmond of Lansing, Mrs. Phillip Miller of Lansing, Mrs. Glen Bassett of Lansing and Joyce Elaine Kahres of Holt, all cousins of the bride.

A cousin of the bride, Miss Naomi Lantz of Brooklyn, Michigan, presided at the guest register.

Serving as hostesses for the reception were Mrs. Richard Hanes of Holt, the bride's sister; Mrs. Marlow Kahres of Lansing, sister-in-law of the bride and Mrs. Henry Murphy of Lincoln Park, sister of the bridegroom. Also assisting were Mrs. Dorothy Fleming of Cleveland, Ohio, Mrs. George Kahres of Lansing, Mrs. Robert Millman and Mrs. Barbara Bassett of Lansing, all aunts of the bride.

Special guest was the bride's grandmother, Mrs. Winifred Banks, 91 years old, of Holt. She is the only grandparent living from either side.

Assisting with the photography were Russell Pettit of Toledo, Ohio and R. G. Atwood of Mason, friends of the newlyweds.

The rehearsal dinner was the evening preceding the wedding at the home of Mr. and Mrs. Richard Hanes of Holt. Mrs. Hanes is a sister of the bride.

The newlyweds left for a honeymoon trip of three weeks in the Hawaiian Islands. Upon returning, they will reside in Wyandotte.

The bride attended Edward W. Sparrow hospital school of nursing and graduated in 1955. She is employed at Wyandotte General hospital as a registered nurse. Witkowski attended Roosevelt high school. He is employed by the City of Wyandotte Police Department and is a member of the Fraternal Order of Police.

## Open House To Fete Pair

An open house honoring Mr. and Mrs. Ben Taylor will be on Friday evening September 24, at 8 p.m. at the Dansville township hall. A request has been made that there be no gifts.

## Visits Grandparents

Peggy Mork of Royal Oak has been spending a few days with her grandparents, Mr. and Mrs. Julius W. Chapin at Eden. She returned for her sophomore year at Albion college on Sunday.

## Clinic Set

The Ingham county health department will conduct an immunization clinic at Stockbridge town hall, Thursday, September 23, from 1 to 3 p.m. All children from 6 months of age are eligible for protection against: Polio, diphtheria, whooping cough and tetanus. Adults may receive polio and tetanus vaccine. Tuberculin skin test and oral polio are available to all age groups.

**WELCOME TO MASON** - Mrs. Bryce Gray, of E. Holt road, Mason, was recently welcomed into the community by Mrs. Richard Bebee, Mason's Welcome Wagon hostess. The Grays moved here from Bay City where he was stationed with the Michigan State police. He is now located at the East Lansing post as staff sergeant and commanding officer of the accident record section of the safety and traffic bureau.

## Medical School At MSU in 1966

Michigan State university will admit its first medical students in September 1966. Applications are now being accepted by the College of Human Medicine for a class of about 20 students. Dr. Andrew D. Hunt, Jr., dean of the college announced Tuesday (September 14).

Offered will be a two-year professional program in medical education which will prepare students for transfer to the third year of medical schools offering the degree of doctor of medicine.

Dean Hunt noted that the nation's four-year medical schools have hundreds of vacancies annually at the third-year level due to student attrition during the first two years.

As previously announced, Michigan State medical students will be introduced to clinical training at Edward W. Sparrow hospital in Lansing.

Through a cooperative arrangement, the hospital is establishing a 40-bed University Services section on one floor of its new wing now under construction.

In making the announcement, Dean Hunt said:

"We are establishing a medical program that will be responsive to the needs of the people in the land-grant university tradition. There is a great demand everywhere for more physicians and this demand seems destined to grow greater as the benefits of medical advances become increasingly available to the public. For many years, Michigan State has been contributing to the health of the public through teaching and research in the biological sciences, veterinary medicine, nursing, medical technology, nutrition and numerous other disciplines. Now we hope to be of further service to the state through a program in medicine."

## TV Courses Scheduled For Area

Central Michigan television viewers will be studying art and science over the breakfast table this fall.

Through the cooperation of Michigan State university, CBS Sunrise Semester courses in The Nature of Matter and The Age of Michelangelo will be offered over WJIM-TV, Channel 6, Lansing, beginning Monday, September 27.

The Nature of Matter taught by Dr. Morris H. Shamos, professor of physics, Washington Square college, New York university, will be aired from 7:30 to 8:00 a.m. Monday, Wednesday and Friday. Dr. Shamos is a consultant to the atomic energy commission and for the past nine years has been scientific adviser to the Mr. Wizard television series.

The Age of Michelangelo, taught by Dr. Kathleen Well-Garris Posner, assistant professor of fine arts, Washington Square college, will be aired from 7:30 to 8:00 a.m. Tuesday, Thursday and Saturday.

Dr. Posner, a former Fulbright fellow at the University of Bonn, Germany, is a specialist in 15th and 16th Century Italian art.

Sunrise Semester courses may be taken with or without college credit. Classic Myths and Literature and The Age of Rubens are winter term offerings.

For information and registration materials write to the University of the Air, Room 14, Kellogg Center, Michigan State university, East Lansing.

the aid of several other groups were able to make about \$470 which went entirely to the support of Mason's celebration.

Mrs. Paul Tideman, 449 W. Elm, was president of last year's membership and starting off the new year will be Mrs. Charles Kipke, 125 Steven.

As previously announced, Michigan State medical students will be introduced to clinical training at Edward W. Sparrow hospital in Lansing. Through a cooperative arrangement, the hospital is establishing a 40-bed University Services section on one floor of its new wing now under construction. In making the announcement, Dean Hunt said: "We are establishing a medical program that will be responsive to the needs of the people in the land-grant university tradition. Now we hope to be of further service to the state through a program in medicine."

## Former Navy Chaplain Will Talk in Lansing

"God -- Not Chance" will be the title of a public lecture to be given in Lansing on Sunday, September 19 under Christian Science auspices.

The speaker will be Norman B. Holmes, C.S.B., a former navy chaplain who is now a Christian Science teacher and practitioner in Chicago. Sponsor of the event is First Church of Christ, Scientist, Lansing, which will present Holmes at 4 P.M. in the small auditorium of the Lansing Civic Center, 505 W. Allegan street, Lansing. Admission is free, and open to the public.

Holmes is a graduate of Northwestern university, and served on active duty as a chaplain in the United States navy during World War II and the Korean War. He was officially accredited in the Christian Science healing ministry during this period, and was later called to Boston to serve as Manager of the Department of Branches and Practitioners of The Mother Church.

## Children Will Honor Parents to Mark 45 Years

Mr. and Mrs. Kenneth C. Bibbins of Every road, Mason, will be the honored guests for an open house on Sunday, September 26 from 2 to 5 p.m. at the Alatedon township hall on East Holt road, Mason, in observance of their 45th wedding anniversary. Planning the special occasion will be their children, Mr. and Mrs. Harry Snell of Leslie, Mr. and Mrs. Gilbert Bibbins of Jackson and Mr. and Mrs. Sheldon Bibbins of Mason.

A cordial invitation is extended to all friends and neighbors to attend. A request has been made that there be no gifts.

## VOWS

(Continued from Page A-4)  
 pompon flowers as headdresses with cherry pink satin streamers in back. They carried white baskets of rose petals with pompon corsages on the side.

Howard L. Snell of Jackson, brother of the bride, was best man, LeRoy D. Fairbotham of Mason, cousin of the bride, and Richard McClain of Jackson, cousin of the bridegroom, served as groomsmen and ushers.

Presiding at the guest register was Mrs. Howard L. Snell. After the ceremony there was a reception in the Fireside room of the church. A color scheme of pink and white was used. Refreshments of a 4-tiered wedding cake, groom's cake, punch, coffee, mints and nuts were served by Mrs. Philip Mosher, Mrs. LeRoy Fairbotham of Mason, Susan Fairbotham of Holt, Miss Patricia Bibbins of Clark Lake, cousins of the bride. Miss Anita Miller and Patricia Hendershot of Leslie presided at the gift table assisted by Miss Bonita Bibbins of Mason and Miss Connie Snell of Battle Creek.

Mr. and Mrs. Dale Fairbotham of Holt, aunt and uncle of the bride, acted as host and hostess.

For traveling on their honeymoon to Niagara Falls and Canada, the bride donned a 3-piece cranberry red suit with black accessories. Her corsage was white carnations and red sweetheart roses.

Prior to the wedding the bride was feted at miscellaneous showers given by Mrs. Dale McClain of Jackson, Mrs. Sheldon Bibbins and daughter, Denise, of Mason. A kitchen shower by Miss Anita Miller and a grocery shower by Mrs. Kathryn Farley of Leslie.

A rehearsal dinner was given by the bridegroom's parents, Mr. and Mrs. John C. Dunham.

Mrs. Dunham is a 1964 graduate of Leslie high school and is employed at the county clerk's office of Mason. Her husband was graduated from Cement City high school in 1962 and is employed at Spartan Electronics in Jackson. Both attended Jackson junior college.

The couple are now at home at 309 West Elm, Mason. Special guests present for the wedding were the bride's grandparents, Mr. and Mrs. Kenneth C. Bibbins of Mason, and Mr. and Mrs. Lester Snell of Mason and Florida and the bridegroom's grandfather, Mr. Ralph Dunham of Clark Lake.

Out of town guests were present from Jackson, Mason, Cement City, Clark Lake, Farmington, Lansing, Battle Creek, Plymouth, Ypsilanti, Saline, Trenton, Holt, Brooklyn and Leslie.

**OF INTEREST HERE** is the announcement made by Mr. & Mrs. Gerald E. Beckett, Belleville, Illinois, of the engagement of their daughter, Miss Betty Ann Beckett, to David Lee Arnold. The prospective bridegroom is the son of Rev. and Mrs. Paul L. Arnold, formerly of Mason, presently living in Indianapolis, Indiana. Miss Beckett will be a sophomore at the University of Denver, Denver, Colorado. He is a graduate of Mason high school and is a senior at the University of Denver. A March wedding in Denver is planned.

## Newcomers Welcome Wagon

Mason is a friendly town and one thing that helps it along is the Welcome Wagon and its club for newcomers to the community.

The Jones family just moved into a strange city. Lets say that city is Mason. Within a week or so after the family is all settled in their home they are introduced to the area in which they live by Mrs. Richard Bebee, Mason's Welcome Wagon hostess.

She comes equipped with answers about churches, schools, local government, merchants, plus several important items such as when the garbage truck comes around, facts about the hospital, library and maps of the locality.

In the Welcome Wagon basket are items too numerous to mention, but there are several pieces of literature that the Jones family will find of great use to them. There are letters of welcome from Gilson Pearsall, the mayor, Hugh Silsby, fire chief, and Tim Stolz, police chief. Included in the letters are information that may be of use in a time of emergency or just general reference.

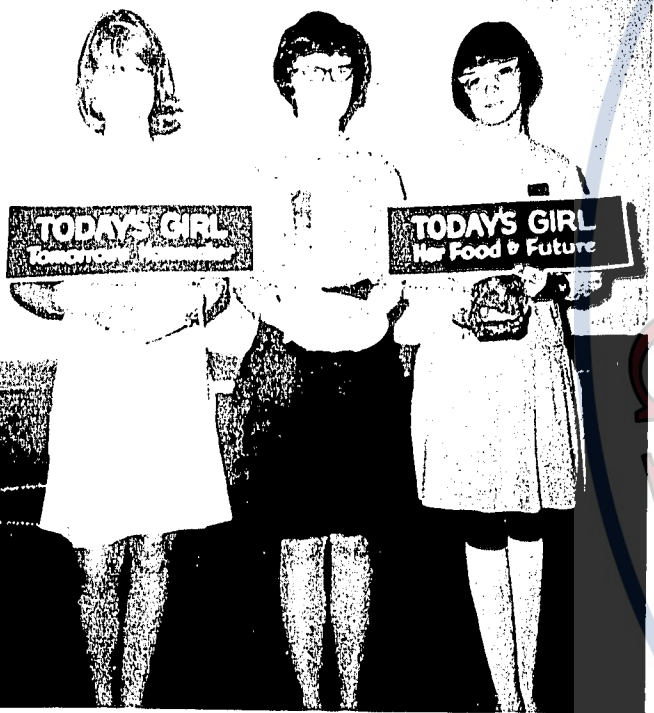

Since the Jones family is from Wisconsin they are particularly interested in what the state of Michigan has to offer. The hostess tries to have several pamphlets from the Michigan Tourist council on hand indicating various resort and recreation areas available, plus a current state highway map.

Hoping to build and maintain the image of Mason being a friendly place to live, merchants have subscribed to the Welcome Wagon program almost 100 per cent. Mrs. Bebee says the merchants' attitude when approached about contributing to the city's welcome wagon basket was "If we are going to support this thing lets do it right or not at all."

True to their goal, merchants generally send a small gift in the Welcome Wagon basket along with a certificate that entitles the Jones family to a free gift from the individual stores.

After having met the Welcome Wagon hostess and become familiarized with the community the Jones family is invited to attend the Welcome Wagon Newcomers club. This is a club that brings all the new townspeople together initiating friendships among strangers.

Organized in October of 1964, the club has developed far above expectations. "I personally didn't think Mason needed another club, but the Welcome Wagon club seems to bridge the gap between a new family coming into the town and the time they are invited

**TODAY'S GIRL** - This is the name given to a popular foods project for 4-H members ages 12-14. Members learn the principles of meal planning, food preparation and the relation of food to personal appearance. At the Michigan State 4-H show Sarah Diehl, Dansville, told techniques for making a cherry pie; Ann Plyman, Mason, explained principles in working with yeast and the characteristics of good yeast rolls; and Beverly Every, Mason, in her action exhibit, told the many ways banana quick bread could be used in family meals.

## Church Notes

**HOLT** - Holt Baptist congregation welcomed at a reception Sunday evening Rev. and Mrs. Roger Esty of New Brunswick, Canada.

They are missionary interns who will assist Rev. Gordon Sanders the next 7 months in the work of the church and Sunday School. The Estys will be making calls in the community as part of their training.

The W.I.M.S. Women's Missionary Society of the Holt Baptist church met at the home of Mrs. Doris Nihart.

Members of the group canned peaches for Mr. and Mrs. L. Capla, missionary interns who did training work in the Holt area during the summer months. They also worked on braided rugs for other mission projects.

Youth Fellowship groups met in new Youth Chapel for the first time Sunday evening at the Holt Baptist church. The Church School began fall emphasis on attendance drive to top their Sunday School attendance record.

Holt Nazarene Youth Fellowship group viewed films on the Holy Land and life of Paul at the Sunday evening meeting.

Dell Francisco was the program chairman. The Youth Fellowship groups will attend the Nazarene District N.Y.P.S. tour and workshop Wednesday night, September 15, at the Central church of the Nazarene in Lansing.

Holt Presbyterian church has set up a Teachers' training program - once every 3 months to familiarize the staff with the curriculum and conduct a question-answer session.

The first program session was Tuesday night.

Holt Presbyterian Fifty Plus club will meet Friday night, September 17, at the home of Mr. and Mrs. Wilson Campbell, Sr., 10755 River-view drive, Dimondale for a potluck supper and business meeting.

## Evangelist Speaking at Dansville

Special evangelistic services will be conducted at the Dansville Free Methodist church each evening from 7:15 - 8:30 throughout the remainder of this week. Rev. Howard Funk, pastor of a Lansing church, is the evangelist. Thursday night is ladies night, Friday is Sunday school night, Saturday is youth night and Sunday is family night.

The Harbor Lights Quartet of Battle Creek was featured in a singspiration at 3 p.m. last Sunday. The church was filled for the concerts.

The Free Methodist youth organization had charge of the service last Sunday night. Martha Freer, president, and Jim Mullins, vice-president, led in the worship. An offering was taken to assist the FMY in its redecoration project at the church. The young people have recently repaired the prayer meeting room.

Thirty persons attended the Dansville church retreat at Covenant Cove camp near West Branch. Rev. Marjorie Hawkins, former Dansville Methodist church pastor, and Rev. Harlow Hoyt, nephew of Mrs. Edgar Scripser, of Dansville were the main speakers.

7:30 p.m. Petition for Curb & Gutter on Steele, Matthews & E. Sycamore Streets was presented-Referred to Morris.  
Petition for Curb & Gutter on McRoberts Street was presented-Referred to Morris.  
Communications: American Legion-Referred to Hamlin.  
Miller, Canfield, Paddock & Stone-Referred to Eastman.  
Michigan State Highway Department-Referred to Morris.  
Consumers Power Company-Referred to Morris.  
W.E. Zimmer-Referred to Shattuck.  
W.E. Zimmer-Referred to Shattuck.  
Disposal Plant Operators Report-Referred to Shattuck.  
Police Report for August-Referred to Eastman.

Michigan State Department of Health-Referred to Hamlin.  
George Raymond-Referred to Eastman.  
Earl F. Woodward-Referred to Eastman.  
W.E. Zimmer-Referred to Morris.  
Mayor Pearsall asked if anyone in the Council Room had anything to say at this time.  
No Comment.  
7:53 Council recessed until 8:00 p.m.  
8:00 p.m. Council reconvened.  
Hearing on Zoning Ordinance #48-7. Mayor read said Ordinance which is as follows:  
Section 1. That an Ordinance known as City of Mason Zoning Ordinance passed by the City Council June 2, 1958, be and hereby is amended by adding Section 202 (M) thereto. Said additional section to read as follows:  
Section 202 (M) A further exception from Section 202 is as follows:  
Lots 4 & 23, Layland Sub-division, City of Mason, which is shown as R-1 Single Family Residential District shall now be O-1 Professional and Office District.  
Section 2. The effective date of this Ordinance shall be twenty days after the passage thereof.  
Mayor Pearsall asked if anyone in the Council Room had any comments on the zoning change.  
Mr. Ted Vander Boil, Jr. 119 Steven Street, asked if the committee had seen any plans for the proposed structure that was to be erected on this site. Was advised that the plans had not been submitted yet. He was not objecting to the Zoning change as such, but was concerned about the structure or the parking area possibly infringing on the privacy of his backyard and swimming pool. No other comment referred to Hamlin.  
Hearing closed.  
Chandler Nauts, Superintendent of Mason Schools, introduced himself, and 2 members of the School Board, Mr. Rex Stribley and Marvin Lott. He then asked the Council to reconsider their decision to open W. Oak Street to normal traffic, stressing the fact that several hundred stu-

dents cross that street daily and he felt it would be a definite hazard to them. Mayor Pearsall pointed out the fact that a light would be installed at the crossing point and inasmuch as the students were Junior High Students and not little folks as in the past, and with a reasonable amount of caution the street could be used for traffic. However Mr. Nauts was invited to meet with the committee at recess.  
Mr. Glenn Dunn representing the Mason State Bank asked permission to meet with the building committee regarding the demolition of the old Theater Building. Granted.  
Mr. Duane Smith, E. Sycamore Street, presented a letter of introduction and asked that the Council consider placing a street light at the dead end of E. Sycamore Street.  
Mayor Pearsall read the communication and welcomed him to the City of Mason and referred his request to Councilman Morris for study and recommendation.  
8:20 p.m. Bids for Curb & Gutter on S. Barnes Street were ordered opened and read in the order received.  
There were 2 bidders. T.A. Forsberg, \$3,983.10; Lockwood Constr. Co., \$3,961.80.  
Bids were referred to Councilman Morris.  
8:22 p.m. Council recessed for committee meetings.  
10:14 p.m. Council reconvened.  
There were three more communications read by Mayor Pearsall.  
City Engineer-Referred to Morris.  
Marie Aldrich-Referred to Snook to deliver to Chandler Nauts.  
Sun Oil Company-Referred to Hamlin.

**RESOLUTION**  
Date: Sept. 7, 1965  
By: Councilman Morris  
Resolved by the City Council of the City of Mason that the City Engineer prepare plans, specifications and estimates of cost for curb, gutter and blacktop on McRoberts Street between Ash and South Streets, City of Mason. The foregoing resolution was supported by Councilman John Hamlin and adopted by the following vote: Yes, 6, No, 0.

**RESOLUTION**  
Date: Sept. 7, 1965  
By: Councilman Snook  
Resolved by the City Council of the City of Mason that the City Clerk be and is hereby authorized to sign the application for electric energy service for the traffic signal at M-36 (Ash Street) at Jefferson Ave., Mason, Michigan, per specifications attached and dated April 20, 1965 and directed to Consumers Power Company, Lansing, Michigan.  
The foregoing resolution was supported by Councilman Loren Shattuck and adopted by the following vote: Yes, 6, No, 0.

**RESOLUTION**  
Date: Sept. 7, 1965  
By: Councilman Morris  
Resolved by the City Council of the City of Mason that an engineers survey be made of the following property:  
Lot 17 excluding Plats of Devonhill No. 1, Assessors Plat No. 1, City of Mason, Michigan.  
The foregoing resolution was supported by Councilman Murl Eastman and adopted by the following vote: Yes, 6, No, 0.

**RESOLUTION**  
Date: Sept. 7, 1965  
By: Councilman Morris  
Resolved by the City Council of the City of Mason that Wayne Curtis, Superintendent of Public Works, be and is hereby authorized to sign all applications to the Michigan State Highway Department in behalf of the City for construction work, curb cuts, banners, parades and such other permits as may be necessary affecting property under the control of the State Highway Department.  
The foregoing resolution was supported by Councilman John Hamlin and adopted by the following vote: Yes, 6, No, 0.

**RESOLUTION**  
Date: Sept. 7, 1965  
By: Councilman Hamlin  
Resolved by the City Council of the City of Mason that an Ordinance known as City of Mason Zoning Ordinance passed by the City Council June 2, 1958, be and hereby is amended by adding section 202 (M) thereto. Said additional section to be read as follows:

The effective date of this ordinance shall be twenty days after passage thereof.  
The foregoing resolution was supported by Councilman Richard Morris and adopted by the following vote: Yes, 6, No, 0.

# Michigan Mirror

**By Elmer E. White**  
**SAVE TROUBLE**

Many motorists will have to take two trips this winter to get their new license plates because of a new state law and man's tendency to forget details.

Previously only the vehicle title was required to purchase plates but many motorists forget even this when it is time to re-register cars and trucks.

This year, starting Nov. 1, all vehicle owners will be required to show proof of liability insurance coverage or pay an extra \$25 when registering their cars.

A premium of \$1 annually will be levied on all motorists, but \$25 will be charged any motorist not able to prove he carries liability insurance. These are part of the provisions of Michigan's new motor vehicle accident claims act.

When fully effective next Jan. 1, the law will allow motorists involved in an accident with a negligent uninsured driver to make claim to collect damages over \$50 from the new fund.

An insurance policy itself, special identification card issued by the insurance company bearing pertinent information, or a letter from the company specifying liability coverage will each meet the proof requirement of the law, said Secretary of State James M. Hare.

An attempt to minimize the return trips by forgetful motorists will be made by Hare's office. He hopes to have posters in most gas stations by Nov. 1 outlining the requirements of the new law and serve as reminders.

In addition to providing the so-called uninsured motorist fund, the new law also is designed to encourage drivers to carry insurance.

# Tri-County Planners Get Aide

The Tri-County regional planning commission announced the appointment of Bill G. Rowden to the position of assistant director.

Rowden, director for the past 9 years of the Macomb county planning commission, obtained his planning degree from Michigan State university in 1950.

Previously, he was planner on the staff of the Detroit metropolitan area regional planning commission.

Rowden, his wife Evelyn, and their four children, plan to make their home in the Lansing area.

He is past president of the Michigan Society of Planning Officials and is currently chairman of the American Society of Planning Officials' State Planning association Committee. He also has been active in the American Institute of Planners and many civic committees in the Macomb county area.

Rowden replaces Keith M. Honey who resigned recently to accept a position at the faculty of Michigan State university. Honey will continue to assist in the commission's planning efforts on a part-time basis.

# Pleasant Lake Woman Succumbs

LESLIE - Mrs. Isabelle Baldwin, 78, of 2663 Bartlett road, Pleasant Lake died Sunday at a Jackson hospital. Surviving are her husband, Frank C. Baldwin, 5 step-children; Mrs. Edna Benn of Jackson, Fay and Maurice Merton both of Leslie, Paul of Daytona Beach, Florida, 20 grandchildren; one brother, Granville Herman of Benton Harbor. Funeral services were Wednesday at the Luecht funeral home. Rev. Galen Wightman officiated. Burial was in Lane cemetery. Grave-side services were conducted by the Onondaga Chapter 361, Order of the Eastern Star.

# Mason Girl To Study in Madrid

Katherine Seyfarth, Route 3, Mason, is among 180 juniors participating in Kalamazoo college's foreign study program.

Scheduled to sail September 16 from Montreal on the ship "Franconia," she plans to attend classes for 6 months in Madrid, Spain, and return to Kalamazoo college next spring. Miss Seyfarth is taking courses on campus this summer and getting ready to study abroad by attending special orientation sessions. Her parents are Mr. and Mrs. Robert Seyfarth.

The foreign study program is part of Kalamazoo's plan for year-around education. A junior may spend from one to 3 quarters studying for credit in one of the college's 15 overseas university centers. This fall, Kalamazoo students will be enrolled for classes in five European countries; South America; Lebanon and Turkey in the Near East; Asia; East and West Africa.

The Kalamazoo college program also includes a career-service quarter for sophomores and an independent research project for seniors.

# Heads East

Margaret Haynes, daughter of Mr. and Mrs. Sherwood Haynes of Okemos, is entering Mt. Holyoke college as a freshman this fall. Mt. Holyoke is located at South Hadley, Mass., near Boston. She graduated from Okemos high school.

## Check the many extra jobs a modern CLOTHES DRYER can do for you...

### IN ADDITION TO ENDING LIFTING, LUGGING AND HANGING CLOTHES ON WASHDAY!

- VALET SERVICE—wrinkles can be removed from corduroy, velveteen or wool garments by placing them in dryer for short tumbling period with damp sponges or bath towels. Place sponges or towel in dryer before putting in clothing to build up steam. Use medium heat setting. Bath towels leave lint on dark cottons, so damp, color-fast sponges are best. There must be moisture to release wrinkles and prevent shrinkage. Remove garments before completely dry and hang on wooden or plastic hangers until completely dry.
- FLUFFING OR DUSTING draperies, chenille bedspreads or other articles that need airing. Place in dryer on "no heat" setting and allow to tumble for 5-10 minutes.
- REMOVING MOTHBALL ODORS from clothes that have been stored. Use "no heat" setting and short tumbling time.
- BATHING SUITS & SNOWSUITS can be dried in preheated dryer with bath towels (which have been in dryer during preheating). Dark towels are advisable with dark fabrics.

## Poverty Grab Bag

On the street corners, over cups of coffee and from the typewriters of many editors comes plenty of comments concerning the various poverty programs. Some call it waste. Others call it political. Others say it is a program of giving or getting something for nothing.

## Okemos

OKEMOS - Reverend Allen Withrup and Mrs. Withrup of Okemos have returned from a trip to the European countries and Palestine. The latter area was their main interest and the focal point of the trip made chiefly by plane.

The regular schedule for Sunday services will begin at the Okemos Community church September 12 with church school at 9:45 a.m. and worship service at 11 a.m.

The Ralph Stillmans accompanied by their daughter, Mrs. Carl Libby and three children from Hampden, Massachusetts, have returned from a three week trip to Glacier National park and Banff-Jasper areas. They especially enjoyed the green countryside as that section of the north central states has had plenty of rain. The grain crops in Alberta and Saskatchewan were good and an abundance of hay has been a boon to cattlemen. Mrs. Libby and family left for home Thursday after the 5 weeks visit with her parents.

Mrs. Harlan Swab entertained in honor of Rebecca Miller, bride of Larry Bras-seur, Monday night with a miscellaneous gift shower. The guest list included neighborhood friends.

Mr. and Mrs. Harold Schlichting of Dalton, Texas and children have been spending the summer in Michigan and left for their home from Mrs. Schlichting's parents home, the Walter Southworths, on Van-Atta road Thursday. Harold Schlichting has been doing research on a water-plant growth project and is at the University of Texas.

Mrs. Helen Cooper and Mrs. Muriel Brown have been on a tour of the Rocky Mountain National park, Denver, Colorado.

The Old Home Round-up met Saturday evening at the Stillman home on Doble road. A bohemian supper was followed by a social evening.

## W.S.C.S. Meet Marked By Novel Lunch

WILLIAMSTON - The W.S.C.S. met at the M.E. Fellowship Hall on Wednesday in its first meeting of the new year.

The new year's activities were opened with a novel luncheon at noon. It was a buffet affair with salads, fancy breads, potato chips, wafers and beverages.

The tables were attractive and the variety of salads added color to the scene.

The luncheon was served by Circle No. 1, Mrs. Lester Bixby - chairman.

Mrs. Burton Johnson, president of the W.S.C.S. conducted the business meeting. Mrs. Duane Marlan gave the devotionals at the business meeting and Rev. Zack Clayton said a prayer at the luncheon table.

An interesting film on the Ship Hope in Peru was shown and the bazaar planned October 22 was discussed and plans were formulated.

## CULTURES

(Continued from Page B-1)

projectile points, elbow style indian pipes and patterns of houses.

The houses were in circular patterns about 12 feet in diameter. The diggers found hearth areas, clay fire basins and refuse pits within the patterns.

In Missaukee County, the searchers discovered three sites believed to have been circular forts, with four-foot earthen walls forming the circumference. Diameters of the forts measured up to 200 feet. This type of enclosed site is thought to have been occupied about 1000 A.D.

Within the forts, projectile points, skinning knives and pottery were found.

Excavations for artifacts are started by digging a 10-foot square test pit. The first excavation is three inches deep. Digging is continued by levels, sometimes reaching a depth of five feet.

The excavated earth is put through sifters and the artifacts are separated and sacked according to the test squares and levels from which they were found. Students spend evenings washing the artifacts.

Plans are already underway for more excavations this fall and next summer.

We are living in the days of automation with its problems. We are living in a day of political spending. Our brass hat educators have gone hot-wild with spending. Our ballooning bureaucracy has more chiefs than there are indians.

The federal government is pouring taxpayer cash into the states to help the underdog yet the politicians lunge to get the lion's share and then curse the program.

Speaking of poverty, our government has been pouring billions of tax dollars into agriculture. Shouldn't this be called welfare?

Our very own state has just cut up the biggest financial pie in history for education but

the cry for increased millage continues. Today we face a unionized school system. Smaller classes and higher and higher wages are the demand.

We hear our governor call for economy, tax reform and we hear him warn that unless there is tax reform, meaning tax increases, the state will again be in the red. Yet the truth is that the surplus is building up in the state treasury at a fast clip.

The more money a politician has to spend the more he can brag at election time about what he has done for the people.

Our state officials have forgotten that it takes a lifetime of hard work and scrimping for a family, a state or a

country to put aside a little surplus.

Harry Doesburg  
Stockbridge

**Do You Dare?**

The other evening, our daily newspaper was delivered as usual. In this so-called family paper, there was an article about one of our European actresses. It was an educational piece of information stating that she likes deserts and men, dislikes skinny women, and did you know that this sadistic female sleeps in the nude, hugging a teddy bear with her thumb in her mouth?

While reading that slop, I recalled Dick Brown's Editorial on Declining Morals. At once I wrote the editor of that daily paper, asking why didn't he try to help the moral problem instead of feeding it.

I also mentioned, that while hugging her teddy bear, she is probably dreaming of her popularity with the pornography bums that have published her so-called-talent on public magazine racks.

I realized that blunt letter would never be printed, but inside I felt better.

Giving the public educating and high standard news is that editor's duty, not writing slop that is fit for pigs only!

We have immigration laws against the importing of mentally and physically deficient citizens to this country. Where is the law in regard to pre-

venting the European sex exhibitionists from invading our society? By allowing their entrance, we are accepting their standards or the living standards they are accustomed to. This certainly is not helping our crime statistics.

If every daily newspaper published, would contribute one page of "How to Fight Moral Decline," this would help inspire enough people to act.

The public's main source of information comes from newspapers. Whether their articles are sad, happy or slop, they definitely help the public establish their reading habits and thoughts and actions have a lot in common.

Our country needs recruits from the general public now!

It's a matter of caring - do you?  
one volunteer

**A Bouquet**

We take for granted often times that which is good will continue - that Bob Drake and Jim Kallman will continue to genuinely be concerned with the youth of our county; that our schools will continue to afford youngsters with programs of healthy, competitive sports; and that the Ingham County News will continue to present meaningful, intelligent editorials. Many times in the past I have intended to write you and express my sincere appreciation - as a citizen - for your efforts, but in the hustle and activity of

raising a family and making a living have neglected to do so.

Your editorial page of September 1st prompts me to make certain that no further time elapses without your knowing how much I personally appreciate your editorial page. I am cutting out your "Barbs and Praise" and "the Price They Paid" so that I can review their content with my older youngsters now and a year or two from now.

If you provided me with nothing more in return for my subscription price than the editorial page of September 1st it would be money well spent.

Jack Warren  
Lansing

### HERE IS HOW TO REDEEM YOUR PLAID STAMPS!

Effective with the close of business Saturday, September 4th, 1965, as announced, your A&P store here will discontinue issuing the E. F. MacDonald Stamp Company's Plaid Stamps. For your convenience, any Plaid Stamps in your possession may be redeemed as follows:

- Customers now holding stamps may redeem them at their convenience by continuing to use the Mail Box Home Delivery service now provided in all affected A&P stores.
- If you need additional stamps to complete your requirements for premiums, the E. F. MacDonald Stamp Company will allow you to make up the difference in cash at the rate of 25¢ per 100 stamps needed plus Michigan Sales Tax.

# A Visit to Amsterdam

## Mason Girl Continues Her Story of Summer Trip Through Europe

Again, the boat trip was an overnight one. This time though, the conditions were a lot better, and the trip was very pleasant. We arrived in Holland at the Hoek van Holland shortly after 7:00 A.M. The Dutch customs officers didn't make us go through customs. I guess we must have looked very honest to them.

We boarded a train and an hour later we were at the Central Station in Amsterdam. Instead of living with families here, we stayed in centrally located hotels. The Fleisig Hotel, which was the head Dutch Youth For Understanding office, and our base of operations, is one of the two oldest buildings in Amsterdam. Its foundations are more than 800 years old. Another unique feature about the Fleisig, is that because of the irregularity of the floor levels, a floor plan has never been drawn of it. I was in a room with five other girls that was five flights up.

Quite near our hotels was a very large department store, de Bijenkorf, (the Beehive). It was fabulous. The Beehive has everything you could imagine, including a drug store, post office, travel agency, dime store, gift shop, restaurant, bakery and a bank--in addition to the usual things found in a department store.

The day after we arrived in Amsterdam, we packed a few necessary things in our flight bags, left our suitcases in our rooms and boarded buses headed for Lottum. After a four hour ride we arrived in the small village of Lottum. Lottum is in southern Holland about six miles from the Dutch-German border.

Every year, Lottum has a Rose Festival. We helped open the Festival Saturday night, July 17, by giving an open air concert in the middle of the park where the Festival was held. When the Lottum people put on a Rose Festival, they go all out. There were about one hundred flower arrangements. Some were in the shapes of houses, animals, dice, birds, and windmills.

Also there were water fountains that were lit up with colored lights at night.

Katy Esch, (Saline, Michigan) and I were the guests of the Huijs' family in Lottum. We had a sister, Francienje, 7, and a brother, Geert, 4. They spoke almost no English and Katy and I spoke positively no Dutch. However, with the use of sign language and our language dictionaries, we got along very well. In fact, it turned out to be one of the most interesting parts of my trip.

We performed three times in the two days we were there. On July 19, we left Lottum to return to Amsterdam. However, instead of going directly to the hotels, we went to the television station and practiced for two hours. Then we went to the hotels and got resettled in our rooms before lunch. After lunch we returned to the hotel for dinner and to rest because we had to go straight back to the station to do the actual taping of the program. After one final rehearsal, we taped the program. It went along quite well. I wish we could have seen it, but we left Holland before it was put on television.

On one of the free nights in Amsterdam, three of the Chorale boys and I went to see "Dr. No". The movie was in English but it also had Dutch subtitles. I think we enjoyed watching the subtitles more than the movie.

One afternoon, Laurel Tonn (Lansing), Barbara Metz, (Monroe, Michigan), Carol Whitford, (Detroit) and I went to see the Ann Frank house. It is almost exactly the same as when the Franks lived there. It was very interesting, but also equally depressing.

On July 22, we lost one of our Chorale members, Tim Wagner, (Ypsilanti) who injured his back. It was decided that it would be best if he came home. We were all relieved and pleased to see him waiting for us, as healthy as ever, when we came home.

Also that day, we packed our flight bags and headed

for Meppel, which is located in northern Holland.

Louise Williamson (Birmingham, Michigan) and I were guests of the Stroback family. We had no brothers or sisters here. We were in Meppel only one night, and gave only one concert. This concert was an outdoor one, and it was given in one of the heaviest downpours we ever encountered. However, our audience stayed, and the program was tape recorded for radio.

The next day, we went farther north to Grouw, where we stayed for 2 nights. Louise and I were together again. This time we were the guests of the Ijsselstein family, and had one older sister, Tine.

We gave two concerts in Grouw; one outdoors and one in a church.

On Sunday, July 25, we returned to Amsterdam, and immediately gave another church concert in Westerkerk church. Rembrandt is supposed to be buried in this church.

We left Amsterdam for good on July 28, and returned to Lottum. We were supposed to go to Stolberg, Germany, but because of some mix-up, they didn't have enough families for us there. While in Holland we gave a total of fourteen formal concerts. Katy Esch and I were back with the Huijs.

On the day before we left, Katy gave the kids some Crazy Foam (which was used up in a matter of 10 minutes) and I gave them each a Kennedy half-dollar key chain. (The European people I met seem to worship Kennedy).

The same night Katy and I made some jello and popcorn for the Huijs. They had never even heard of either of them. When Katy and I were popping the corn, Mrs. Huijs refused to come near the kitchen. They were all scared by the popping. When we offered it to them, they at first ate it reluctantly, but they quickly decided that it was very good, and we had no trouble finishing the rest of it. They were quite fascinated by the whole process.

We left on July 30, for Stolberg, Germany. I'll have to wait until next week to tell you about Germany. We were there almost four weeks, and there is so much to tell about East and West Berlin.

## Okemos Briefs

OKEMOS--Applications are now available for the Navy's 20th annual NROTC qualification test, according to Warren Dolson, principal at Okemos high school. The nationwide examination will be given December 11, 1965, and all eligible male high school seniors and graduates may apply.

On the basis of this test, personal interviews, medical examinations, and other factors, Dolson explained, more than 1,600 young men will be given college educations as midshipmen in NROTC units in 52 well-known colleges and universities throughout the country.

Registrations for the test will close November 19. Information bulletins and applications are available from Dolson or the nearest U.S. Navy recruiting station.

A successful candidate receives financial aid for 4 years of college. This includes tuition, books, uniforms, miscellaneous expenses, and \$50 a month. After successfully completing college degree requirements and naval science training, NROTC midshipmen become commissioned officers in the U.S. Navy or Marine corps.

Male citizens of the United States who will be over 17 but not yet 21 on June 30, 1966, and who are now high school seniors or graduates, are eligible to apply for the December 11, 1965 NROTC qualifying test. Those who attain qualifying scores will be interviewed and given medical examinations next January and February.

### Given Special Assignment

1st Lt. Guy F. Welch, U.S. Air Force, has been selected by the Secretary of the Air Force for a 2 year special assignment which will transfer him from Tucson, Arizona, to Rochester Institute of Technology for an M.S. degree in photography for a one year period. Following the year at Rochester, Welch will spend a year working with Eastman Kodak. Upon successful completion of the year with Eastman, he will be assigned as a reconnaissance development engineer by the Secretary of the Air Force.

Mrs. Welch is the former Dana Rathburn, daughter of Mr. and Mrs. F.L. Rathburn of Holland, formerly of Mason.

### Back to School

Deborah Lee Dunn, daughter of Mr. and Mrs. Glen Dunn, Mason, will return this month to Stephens College, Columbia, Mo., for her sophomore year. She will be one of approximately 1900 students from all 50 states.

# The Farm That's Run By Teens

By CHARLOTTE CAMP FITCHBURG--The James W. Zeltz family of Fitchburg is, in many ways, similar to some of the larger corporations. Each of the four children in the family has his own money making project but the financing is handled on a cooperative basis. The profits go into the family account and are used according to decisions made by the family as a group.

This year the Zeltzes have the largest cabbage patch in Ingham county, having contracted to furnish 500 tons to the Stemann Kraut company in Jonesville. Thirteen year old Hank is the manager of this project, although all members of the family contribute labor for the growing and harvesting of the 25 acres of cabbage.

Sixteen year old Nancy's project, 15 acres of cucumbers, began as a 4-H project and since July 26, she has been delivering a ton of pickles a day to the Heitz processing plant in Eaton Rapids.

The family's oldest daughter, Audrey, is a sophomore at Michigan State university and the owner of 3 registered riding horses. Audrey helps the others with their projects when she can spare the time from her studies.

Twelve year old Peggy, youngest of the Zeltz clan, is responsible for the family's six Norwegian Elk hounds, which the family uses for dog sled racing. Mrs. Zeltz explained, "We don't enter any official races because our dog sled doesn't have brakes and we have to drag our feet to slow down or stop, but we sure do have fun."

Mr. and Mrs. Zeltz are both employed away from home, he with a Lansing construction firm and she as a teacher in the Dansville schools, but they still find time to help the youngsters with their projects. In addition, they raise some wheat and some corn on their 192 acre farm.

Young Hank is a very busy fellow, because in addition to the 25 acres of cabbage, he is also the manager of a herd of 77 head of Black Angus cattle. He started with one registered heifer as a 4-H project, then bought two more and later, 15 more. "And now I've got 77, all for breeding purposes," he said proudly.

Asked to explain the cabbage raising process, Hank told how the family used to raise just a small amount and when expansion was

cussed, he offered to oversee the project. He explained that the Kraut Company furnishes the seed while the family does the work and furnishes the spray.

The seed is planted early in the spring in a small bed and when the plants are 3 to 4 inches high, are transplanted by means of a machine that is pulled behind a tractor. Mrs. Zeltz and daughter, Nancy, usually draw the job of riding the planter while Hank drives the tractor. He said he used about 700 pounds of fertilizer per acre, putting it on after plowing and before planting. He also said that more spraying was required this year to combat cabbage worms. The young plants had to be sprayed every second day the first three weeks after planting and at least twice a week since. Hank explained that he cultivated the cabbage two or three times with the tractor but after the plants get about so big, the only way to keep the weeds out is to take to the hoe handle. The whole family pitches in on this job and this year, four extra workers were hired for a few days. Harvesting will begin about September 10 according to Hank.

Asked how he managed to take care of the cattle and the cabbage too, especially during school, Hank explained that he gets up at 5 a.m. to do chores and spend some time in the field. Then after school, all the children hurry home, change their clothes and head for the field.

"In other years, 15 acres of pickles wouldn't be very many," said 16 year old Nancy, "but with the labor problem this year, many farmers either cut way down or didn't plant any." She said "I figured if the pickle company could plant 100 acres and obtain labor to pick them, I could handle 15 acres." Her faith paid off when a family of Texas Mexicans moved into the Zeltz' tenant house nearby. She said they are excellent pickers. Since July 26, Nancy has personally been delivering a ton of pickles per day to the processing plant in Eaton Rapids. She loads the truck herself and leaves each morning at 5 a.m. As with the cabbage, the pickle company pays for the seed while Nancy furnishes the labor in return for a percentage of the value of the crop. She said she has been getting \$12 a hundred pounds for the smaller pickles but that the larger ones only bring 50 cents a hundred. Nancy, who always has had a vegetable garden, is really going commercial now, her mother said.

Besides loading the truck herself, Nancy also unloads the pickles by herself when she reaches the plant. Asked if the heavy work bothered her, the husky teenager said, "Not a bit."

"We never have to worry about our children," said Mrs. Zeltz, "they are working a good share of the time."

Explaining the financial handling of the projects, Mrs. Zeltz explained, "When any one of the family raises and sells anything, the money is put into the family account. We all share in the work, helping each other, and if one wants to invest in a given project, we sit down and discuss it together, making a decision only after everyone has expressed his opinion."

She said that while the youngsters are excellent managers, they are also interested in a little luxury. "This year," she said, "we started fixing up the house, installed aluminum siding, bought a new car and will replace our old rickety truck with a new one." The family also decides on vacations as a group, like the time a few years ago when they visited Mexico.

The Zeltz children work, and work hard but they are doing what they like best, raising their favorite crops.

YOUNG FARMERS - Hoe, hoe, hoe the cabbage, sing Hank, Nancy and Peggy Zeltz. Hank is the manager of this project and his sisters lend a hand to keep the 25 acres of cabbage free of weeds.

## Envelope Costs Are Increased

Stamped envelopes have gone up in price, James Stubbert, Mason postmaster, announced this week.

He has been advised by the postoffice department that the increases are necessary to meet the legal requirements that stamped envelopes shall be sold at not less than cost.

The new prices went into effect last Saturday, September 11, which was the beginning of the 4th accounting period of postal quarter 1, fiscal year 1966.

All envelope sales will be affected as follows:

Prices of envelopes sold in box quantities are increased about 10 per cent.

For less-than-box sales prices are up one cent per envelope to 2 cents each. For printing return addresses, prices are boosted as follows:

For 1000 or more, from \$2.50 to \$4 a thousand.

For 500, the minimum order, from \$1.25 to \$2.25.

For 1,500, 2,500, etc. \$4 per thousand plus \$2 for the extra 500 envelopes.

## MSU Sets Band Day

EAST LANSING, Mich. -- Nearly 3,000 young musicians from 36 schools will join Michigan State University's Marching Band for the 11th annual High School Band Day Saturday, Sept. 18. Seven of them will be from Ingham County.

The bands will present pregame and halftime shows at MSU's 1:30 p.m. home football opener in Spartan Stadium against UCLA.

Guest conductor for the massed band performance at halftime will be Don Gillis, a composer-conductor and for 10 years a member of the National Broadcasting company production staff.

The high school bands will arrive at MSU at 7:30 a.m. and rehearse from 8:30 to 10 a.m. They will enter the stadium at two-minute intervals, beginning at 11:30 a.m. MSU's 175-man band, directed by Prof. Leonard Falcone, will play before the game.

The number of bands at the MSU event is limited, Professor Falcone points out, so that each band is able to perform before the game, and so that the massed band can maneuver at halftime.

At halftime, high school bandmen will join the MSU unit to form a "USA" and play two compositions by guest conductor Gillis, "Ceremony of Allegiance" and "Cracker Barrel March."

The massed band will then form an "MSU" and play the MSU "Fight Song" and Bach's "A Mighty Fortress is Our God."

Bands taking part will be Lansing Eastern, Lansing Everett, Lansing Sexton, East Lansing, Holt, Okemos and Waverly.

For 500, the minimum order, from \$1.25 to \$2.25.

For 1,500, 2,500, etc. \$4 per thousand plus \$2 for the extra 500 envelopes.

## Mishaps Mar Driver Program

Mason driver education cars were involved in a few minor accidents this summer, only one of which, however, was the fault of the student driver, M. Chandler Nauts, superintendent of schools, told the Mason board of education Wednesday night.

The only damage was to fenders of the driver education cars.

However, Nauts said, it was the greatest accident experience for the driver education program in recent years.

Paul B. Cheney, school bus driver, minimized the matter and said, "We were just at the wrong places at the wrong times."

Two of the accidents were caused by other cars which backed into the school car. Another was caused when an axle fell off a truck in front of a moving school car.

Confined to Hospital

Mrs. F. L. Rathburn, former Mason resident, is confined in the Holland City hospital and is to remain there for a 3-week period. She is in room 118.

# Do Ghost Towns Come To Life? This One Might

MERIDIAN DEPOT and Wesleyan Methodist church in the background as they appeared about 1900.

It is seldom that a ghost town comes to life, but it could happen.

Anyone who lived about 100 years ago on Meridian road near the intersection of the old Pere Marquette railroad could tell you there was a country store there and a community center of a sort at that time.

When the railroad was built and in operation there was the Fred Foote store on the south side of the tracks.

When the railroad was completed in 1871 William Wade became the station operator and had a store in the depot as well as a post office. Several of the local residents worked in Lansing and commuted, going into the city on the Sunday night train and returning Saturday evening on the 9 o'clock. (There were no 5 day work weeks at that time.)

If you lived in this locality at the beginning of the century you remember when farmers took their eggs to the store and purchased staple groceries, kerosene oil and tobacco and candy - no candy bars but peppermint and wintergreen hard candies and stick candy, horehounds and lemon drops.

There was a blacksmith shop, a church, a school, a house, a Gleener hall, a second store owned by "Roll" Dillenbeck, a hay shed and a loading yard for livestock which was shipped in many instances in carload lots.

John Turner, a local farmer, shipped fat cattle, and George Collar was one of the farmers who shipped lambs in carload lots.

Besides getting almost anything you needed from the two stores and saving you a trip into town, you could find relaxation after a hard day's work at the stores. There was discussion of world and local affairs, swapping a few hunting and fishing stories and some practical jokes and horseplay among the young fellows to add a lighter vein to the evening.

In the winter the hall was pressed into use for dances and social gatherings.

In the fall the railroad yards were the scene of much activity when sugar beets were harvested and loaded on the flat cars.

Before the days of the railroad when the farms were being cleared of the big trees, lumbering was big business. When the railroad was opened a quantity of logs were shipped from Meridian.

There was a saw mill in operation at that time. The men who cleared the land and logged the trees to the sawmill are gone. The men who went off to war in 1861 and came home to build new houses and farm buildings and establish themselves on the farm are gone.

There is only a row of houses where this community center once stood.

There is nothing to indicate there was once a business center there. Like many other country community centers it has vanished.

Probably the most direct causes are the expressways and the new cars that make the city only a few minutes away.

There is much nostalgia in

the recollections of the living and the stories handed down of earlier years. Anyone who had heard narratives of the Mullett family—John Mullett who was a well known surveyor in these parts; Marshall a colorful, unforgettable character and Martha, a gifted story teller who could bring back her childhood with such clarity they were lived by her listeners.

The Mullett family is gone. St. Katherine's Chapel and the new Episcopal church are a memorial. Few families now live in the community that was here when Meridian was a scene of much activity.

Still living in the vicinity are members of the Mills - Povey - Aseltine - Rorbacher (Roback) - Collar - Miller and Osborne families.

As the cities reach out their arms into the country, rural communities are drawn into

the urban section. So with this farming section.

New homes are being built, farms are platted and zoned for subdivisions. There is talk of a shopping center and Meridian may again be a business center and a development with fine new homes.

As a new image appears the old one fades. If Meridian grows into a modern suburbia with a shopping center where everything can be purchased for luxurious comfort, there will never be a spot where the neighbors can gather around the store to chat or a place to meet the incoming train and your friends.

There is never a spot in a shopping center where the neighbors can pack boxes for the boys in service or sew for a family that's had a fire. Many things come with progress, others are lost.

For the fruits of progress we pay a price.

## U of M Hospital Growth Has Aided Entire Area

ANN ARBOR—Forty years ago, University hospital, at Ann Arbor, opened its 760-bed building amid dire warnings that there would never be enough patients to fill them.

Today, with 1000 beds and additional facilities for 1000 "outpatients" per day, the question is: "Where do all the patients come from?"

A recent 10-day study brought out these facts:

Seventy per cent of University hospital patients come from a radius of only 50 miles from Ann Arbor. "Our heaviest admissions are from Washtenaw and Wayne counties," says Ernest C. Laetz, associate director of University hospital. Although not generally thought of as a county hospital, Laetz reports that one-third of the patient load comes from Washtenaw and one sixth from Wayne. Some patients come from each of Michigan's 83 counties.

About six per cent are from outside Michigan, the majority traveling from Ohio and Indiana. Still others come from foreign countries, especially South America.

What size cities? "Seventy per cent of the patients are from cities having populations over 10,000," says Laetz.

Sixty to seventy-five per cent arrive with a doctor's letter of referral.

The survey also reveals nearly 80 per cent of University hospital patients have insurance coverage and 12 per cent qualify under one of the federal, state or county welfare agencies programs. Only eight per cent of the patients pay their entire bill without third party assistance. These fees from patients enable the hospital to be self-supporting.

Laetz pointed out that the number of indigent patients has progressively decreased over the years. "For example, in 1955, welfare patients comprised 26.4 per cent of patient load. Today, the average has dropped to 17 per cent. This downward trend

has continued despite the passage of the Kerr-Mills bill providing care for the indigent patients over 65. He added that the decrease was due in part to the growth of insurance programs and generally improved economic status among the American people.

The 1964-65 fiscal year also revealed the highest patient occupancy of any year—82.42 per cent—while the average length of stay ranged between 11 and 12 days.

## Delegates Named To Kiwanis Meet

HOLT - The Holt Kiwanis board has elected Evans Brown, Dale Holt, and president Kenneth Olson to represent the Holt club at the annual Michigan District Kiwanis convention in Detroit in 2 weeks. Alternates chosen are Keith Davis, Max Guenther and Ernest Hunt.

## Kiwanis Club Seeks Members

HOLT - Holt Kiwanis club is promoting special emphasis to interest new Kiwanis friends to become members of the club.

September 13 is set for each Kiwanian to bring a guest to the meeting, Stanley McCoy is chairman of the evening.

Plans for Monday, September 20 call for a Kiwanis dinner and a trip through Michigan State university's food service building. Alex Wielock is in charge of plans.

Mr. and Mrs. Seldon Monroe returned home Wednesday after spending 3 weeks with their son and wife, Mr. and Mrs. Gordon Monrie in Honolulu, Hawaii.

Mr. and Mrs. Marton Rice spent part of last week touring in northern Michigan.

Mr. and Mrs. L. P. Williams visited his brother and wife, Mr. and Mrs. Fred Williams of Bay City.

Mrs. Juanita Stowe spent a weekend with Mrs. Vivian Stowe at Munith.

Mr. and Mrs. Paul Bowen and family spent a few days vacationing at Loon Lake.

Mr. and Mrs. Berton Courter and Mr. and Mrs. Clarence Douglas returned Monday from a tour of western states.

Miss Bonnie Milbourn of Jackson spent last week with her grandmother, Mrs. Pearl DeWaters and Mr. and Mrs. Ken Rice.

Tommy Bowen spent last week at the 4-H state show at Michigan State university helping care for some of the Vantown 4-H cattle.

Mr. and Mrs. Ivan Monroe of Webberville called on Mr. and Mrs. L. P. Williams Sunday.

Jack Marshall of Gregory spent the past weekend with his uncle, Ken Rice, and family.

Mrs. Pearl DeWaters and granddaughter, Bonnie Milbourn, spent Tuesday and Wednesday with Mrs. Lauretta DeWaters at Fowlerville recently.

Mr. and Mrs. Wilson Davis of Mason called on Mr. and Mrs. Ivan Rice Sunday evening.

Mrs. Max Milbourn and daughter, Bonnie, of Jackson, called on Mrs. Milbourn's mother, Mrs. Pearl DeWaters, Monday.

Mrs. Fens Smith spent last week with her sister at Devil's Lake and visited relatives in Ohio.

## Colleges Eye Network For Aiding Education

An electronic communications network to serve modern higher education with everything from computer conversions to educational broadcasting is being planned by an association of major Midwestern universities.

The Committee on Institutional Cooperation (CIC), an organization that provides for voluntary cooperative arrangements, will cosponsor the project with the National Association of Educational Broadcasters (NAEB).

The CIC consists of Michigan State university, the other

Big Ten universities and the University of Chicago.

The committee's regional communications model, called the Educational Communications System, is funded by a \$145,000 grant from tax funds to the NAEB from the U.S. office of education.

Under a closed-circuit system, individuals or groups at any or all the various institutions could be in instant communication with each other during a daily assigned period, thus cutting down the time and expense of long-distance telephoning or travel.

A recent survey by the NAEB revealed strong national interest in systems for "interconnecting" numerous university-level procedures, including administrative data-processing operations, educational broadcasting, research use of computers, joint course-development projects and exchange of research information and technical papers.

Dr. Stanley F. Salwak, director of the CIC, said that the new network "will be launched as a program to help in determining the feasibility of establishing similar networks throughout the U.S."

"What our planners hope to set up," he added, "is a multipurpose resource, drawing on all available electronic techniques, for a speedier and more productive interchange of information on many educational fronts."

The study will continue until September, 1966.

## Admits Assault

Santiago A. Sanchez, Jr. of Lansing pleaded guilty before Judge Roy Adams in Mason justice court last week to a charge of assault and battery. He was given a fine of \$25 or a 10 day jail term, and was committed.

Sanchez was accused of having committed assault and battery on the person of James Yanoski, 621 E. Columbia street early in the morning of September 1 as Yanoski was returning home from work at the plant of the Fisher Body corporation in Lansing where he is employed.

Yanoski told Mason police he was driving south on Cedar street about 3:45 a.m. when an approaching car with bright lights on did not dim them. Yanoski said he belinked his headlights to get them to dim their lights but they did not.

After passing him the other car turned around and trailed him as far as Jefferson and Sycamore streets, Yanoski said, where they forced him off the road. Yanoski said he tried to explain to the 2 men in the car, one of whom was later identified as Sanchez, that all he wanted them to do was dim their lights. Sanchez, a Mexican, hit him in the mouth, face and ear, officers said.

Police arrested Sanchez Wednesday night.

## 3 Cars Of Train Wrecked

WILLIAMSTON--Damage estimated at \$4,000 was caused here last Wednesday when 2 freight trains and 3 cars from another tangled on the main line of the Chesapeake & Ohio railroad between Grand Rapids and Detroit.

It all began when 3 cars of a 25-car freight train backed off the end of a siding. The last car, a caboose, fell over on the mainline tracks. A freight following crashed into the caboose. Another freight hit the wreckage but remained upright, but was derailed.

M. W. Karsten, of Grand Rapids, assistant superintendent, estimated the damage. It required more than 2 hours to clear the track. A passenger train bound for Detroit from Grand Rapids was held up an hour and 10 minutes and a freight was delayed 35 minutes.

The accident happened near S. Putman street about 3:15 p.m. Karsten said he did not know what caused it, pending results of an investigation.

## Williamston Briefs

Mr. and Mrs. Howard Henning spent most of last week visiting the Frank Young family, 227 Lloyd street and their daughter, Mrs. Loren Erb. The Hennings were former residents of Williamston and now live near Charlevoix.

The Bertie McNelly family, 603 North Putman, and Connie Gorsline returned home this week from a trip to Virginia. They camped in parks until they reached their destination at Mr. McNelly's brother's home near Norfolk.

Doug Cochran, son of Mr. and Mrs. Alden Cochran, 613 South Putman, has returned home from his basic training duties at Fort Knox. He has a 22 day furlough.

MSU Professor says:

## Fire and Brimstone Sermons Fail To Get Message Across

"Fire and brimstone" sermons and similar traditional preaching techniques are not getting their message across, says a Michigan State university speech professor who advises clerical study groups and conventions.

Some sermons with "loaded language" have certain appeal and get strong emotional reactions, says Dr. Kenneth G. Hance, "but this method of preaching appears to be losing its influence."

Dr. Hance is a leading spokesman in a growing movement to brush the cobwebs off many traditional preaching methods. An active Methodist layman, Dr. Hance has lectured to Catholics, Baptists, Seventh Day Adventists and Congregationalists, plus many other denominational and interdenominational groups.

In the traditional textual sermon, says Dr. Hance, a preacher selects and defines a text from the Bible, and "spends about 10 to 15 minutes developing its message to a point where it might apply to a contemporary problem."

"This is where the preacher should have begun in the first place," he says.

"Another fault of some preachers," says Dr. Hance, "is their use of ecclesiastical jargon. Terms such as 'the full Gospel' or 'the Trinity' are assumed to be well understood by the clergy, but their use in sermons can become excessive to the point

that they become stock phrases with little meaning." Dr. Hance and other speech and rhetoric professionals serve as resource persons for a growing number of churchmen who are trying to make preaching more meaningful to the layman.

"There is a widespread awareness of the importance of communications in the church," says Dr. Hance, "indicated by the formation of departments of preaching, more seminary lectures on preach-

ing, and more clergymen returning to school for graduate work in speech and rhetoric." Michigan State, he notes, presently has 15 clergymen working toward the Ph.D. degree in speech.

"In addition to applying speech and rhetoric principles to preaching," says Dr. Hance, "clergymen should have the background and skill to teach oral communication to such lay leaders as the chairman of a church council or of a parish committee."

## Dutch Teen-Ager Enjoying Mason

Hanneke Lyklema, an 18 year old Dutch girl was among the 3,200 and more students who enrolled at Mason high school last week.

She comes from Apeldoorn, Holland, where she graduated from the Gymnasium, which corresponds to an American high school last June, but will take an added year as a senior at Mason high.

She is a guest of Mr. and Mrs. Loren F. Sheensmith, 526 W. Columbia street and their daughter, Jean, also a senior at Mason high school this year.

Miss Lyklema's father is head of the Lyceum, which comprises 3 schools including the Gymnasium in her home town of Apeldoorn, a city of 11,000 inhabitants about 60 miles southeast of Amsterdam in the central part of Holland.

She will receive her American diploma next June.

She arrived about 4 weeks ago after a flight from Amsterdam with some 70 or more other students coming to Michigan all under the Youth for Understanding program. The trip from Amsterdam to Detroit took 18 hours with stops at Shannon, Ireland and Newfoundland, she said.

Miss Lyklema finds some things different here from those in her own country. "The houses are much larger in Holland than they are here and set very close together. Most people live in apartments," she said.

She finds foods here somewhat similar to those in her homeland but the combination of foods here is different.

Miss Lyklema has 2 brothers and 3 sisters, all older than she. Both of her brothers are chemists. Her eldest brother, Johannes, spent a year in Los Angeles about 3 years ago as a guest of a professor in California university. He was in the United States this summer also on a lecture tour.

Miss Lyklema is a lover of sports, especially volleyball, basketball and softball, which she plays in Holland. She is a member of the Dutch Reformed church, the leading religious faith in her homeland.

While in Mason high school she will study speech, government, vocal music, home economics Spanish and typing.

She speaks English quite fluently. She learned the languages at the Gymnasium (high school) which she attended in Apeldoorn. She said the Apeldoorn Gymnasium is the only secondary school in Holland that teaches Latin and Greek. She also studied the Dutch language, English, French and German.

"I like America very much," she said. "The people here are very kind, friendly and very hospitable." She hopes while in Michigan to visit some of the Holland people who live in the western part of the state.

# Agriculture in Action

Farmin Comes First  
"In Ethiopia, over 95 percent of all citizens are currently engaged in farming. Of the remainder, about half serve with either the armed forces or in government." These observations, made before the Michigan Farm Bureau board of directors by Dr. Sylvan Wittwer, newly-

appointed director of Experiment Stations for Michigan State University, speak volumes about how civilizations are built. "The development of a strong agriculture is the necessary forerunner of the development of other institutions of a modern society," Wittwer contends. Thus, in modern words, he

has repeated one of the oldest known facts of civilization, that farming must come first before people have time for other industries or for such "luxuries" as education and the arts. Michigan farmers visiting Washington, D.C., earlier this year, received a forcible reminder of this truth when they

stood at the feet of a large mosaic depicting Minerva, the Goddess of Wisdom, in the Library of Congress. Upon a scroll held by the giant figure is written a list of all things important to human achievement. Heading the list is agriculture, followed by education, mechanics, commerce, government, and so on down through a group of 16 "occupations," concluding significantly with "the art of making war."

History is filled with the records of failure as nations attempt to rise and flourish without an adequate agriculture. A hungry people have no time to become creative, a hungry army cannot defend or march.

The Soviet Union is a modern example--as repeated crop failures serve to limit plans for aggression and where creative abilities have been suppressed by a lagging farm system.

Helping American agriculture to progress at a swift pace has been our unique system of college experiment stations and the research they do. To date, they have been competing successfully with other, more glamorous areas of research work. Yet, "Imagination, initiative and brains are badly needed in all areas of farm research, especially into the life processes of plants and animals," Dr. Wittwer concedes. He feels that many such research areas are more challenging than those offered in the space program.

## Hereford Field Day Set at Hi-Point Farms September 18

Hi-Point Hereford Farms, located near Brighton, will be host for the annual Michigan Junior Hereford association field day to be held Saturday, Sept. 18. All Hereford people, both juniors and adults, are cordially invited to attend. Field day visitors will have an opportunity to see one of the top registered Hereford establishments in America. E. F. Fisher, owner of Hi-Point Farms, is a former director and president of the American Hereford association.

Under the careful guidance of Pete Dean, veteran Hi-Point herdsman, the farm has produced many show ring champions. Fisher has spared no expense in purchasing the finest herd bulls for Hi-Point Farms, among the most recent being one half interest in Silv. Mischief 213, the top selling bull in the 1963 Bridwell Ranch sale, the half interest costing \$52,100.

4-H and FFA groups are invited to bring as many judging teams and individuals as they wish. The contest starts at 9 a.m. and will feature four classes of breeding animals, one of fat steers, and one class of show steer prospects. Numerous bronze engraved trophies and plaques are being awarded the winning teams and individuals by purebred Hereford breeders throughout the state.

Two outstanding registered Hereford heifers will be given at the field day. The first, "HP Dr. Onward Lady 32," will be presented by Hi-Point Farms to the member of the Michigan Junior Hereford association who places highest in the judging contest. This top heifer has already won two open class Hereford breeding shows this fall and is to be exhibited in the forthcoming Michigan State Fair.

## Flaked Grains Increase Beef Feeding Efficiency

The newest wrinkle in increasing efficiency and gains in beef feeding is through the use of flaked grains. To the big Arizona and Colorado feeders this is old hat as some of them have been at it for as long as 20 years. But the experiment stations have recently taken a look at the process and now have the figures to confirm that the feeders have been on the right track all along. . . that steaming grains before running them

through a roller significantly--to use an academic term--increases their value. Corn, barley and milo which have been processed in this manner, cooked, as some of the feeders call it, become flat flakes and make a palatable feed apparently more easily digested than grain which has been put through an ordinary grinding, rolling or cracking process. It is generally agreed that the process increases feed efficiency 10 percent.

## MSU Sets Ram Day

The annual Ram Day sponsored by the Michigan Sheep Breeders' association will be held at the Livestock Pavilion in East Lansing on Wednesday, September 22. Purebred sheep breeders will assemble over 100 top quality rams and offer them for sale.

All rams will be inspected, weighed, and priced and penned by breeders. This procedure makes it possible for buyers to look at a large selection of rams from some of the best flocks in the state with a minimum of time and travel.

The offering will include yearling and two year old rams from the more common breeds as well as a few outstanding ram lambs that have met rigid weight requirements. The rams will be for sale from 10:00 a.m. to 3:00 p.m.

Lamb prices were quite favorable this past year and this would seem to be the right time to select a top quality ram for next year's lamb crop. The cost of the ram spread over the number of lambs he will sire over a two year period is a very small item, and the use of a good ram is one of the first steps toward increased income from the flock.

The next step may be pressure cooking. Several Arizona and California feedlots have recently tried this but no figures are available yet to demonstrate just how good this departure is. These feeders, understandably, are not about to reveal the details of what they consider "proprietary processes." It would appear that the chief benefit to be derived from the addition of pressure is a saving of time. But some feeders and research people feel there are other advantages. The one most frequently mentioned is a gelatinizing of starch in the grain. (Gelatinizing is the process of rearranging the starch molecules of the grain in such a way that the enzymes in the digestive tract can break them down more rapidly.)

Feeders who have been using flaked grains know they are a useful weapon in the struggle for more efficiency in the battle against rising costs.

## Teachers Guests At Dinner, Tour

LESLIE - Wednesday, Sept. 1, was the annual business and get-acquainted dinner for teachers in the Leslie school. This gives an opportunity for all the teachers to become acquainted.

Dinner was served by the Music Boosters. After everyone introduced himself and told some of his background, the teachers were taken on a bus tour to show the staff the school buildings and the district from which their students come.

### Leslie Church To Get Face Lift

LESLIE - Rev. Gorr Garrett, pastor of the Leslie Methodist church announced this week that approval has been given by the Church conference for remodeling the church sanctuary. Plans include adding a balcony for the choir at the rear of the church, making a new entrance, adding pews, widening the aisles and recarpeting the church.

### Milk Dumped Fear Vandals Poisoned It

WILLIAMSTON - Six hundred gallons of milk with a retail value of \$490 were dumped here last Wednesday because it was feared vandals had dumped acid into it.

The milk was destroyed at the Oaza Farms Inc. at 2920 E. Grand River avenue. Farm officials said 2 gallons of acid were missing and they suspected vandals had dumped it into a tank containing milk.

FREE COFFEE & DONUTS

## Silage Content Counts

"Tonnage doesn't mean a thing to me," a Michigan farmer commented as he looked over his herd of beef feeders. "It's what's in the silage that counts--how much grain, how much TDN--this is what puts gains on cattle. I feed out every acre of corn raised on this place, so I'm primarily interested in the number of fat cattle those acres will produce."

This man's thinking typifies that of many other farmers the last few months who use corn silage as a major part of their feeding ration. These men are looking for methods that will help them produce a concentrated product with high energy.

There are at least 3 different approaches currently used to achieve this goal. The first is to leave part of the stalk in the field, using the center-cut method or a new two row machine attachment which picks the ears in one row and chops the complete

stalk of the other. The second approach is to "soup up" the protein content of the silage as it is being put into the silo by adding feed-grade urea and high-calcium limestone. Third, and possibly the most direct approach, is to plant a high yielding hybrid corn which has a short stalk and thus when put up as silage will produce a high grain content without leaving any filler in the field.

Whatever the method used, some feeders will be packing more growing power in their silos this year.

## Former Leslie Resident Dies

LESLIE - Funeral services were Tuesday at the Luetch funeral home for Alvin T. Mentink, 52, a former Leslie resident, who died Sunday at Jackson.

He is survived by a sister, Mrs. Edwin Johnson of Prescott, Arizona, and 5 brothers, Francis and Neal of Onondaga, Edgar of Leslie, Glenn of Rives Junction and Henry of Springport.

Burial was in Woodlawn cemetery here.

## Mason Man Gets Herd Prefix Name

C. B. Smith of Mason, will have the exclusive use of the prefix "Opportunity" in naming all Registered Holstein dairy animals bred in that herd.

Use of this prefix name has been granted by Holstein-Friesian Association of America; it also becomes a part of official breed records at the national headquarters in Brattleboro, Vermont.

Nearly 1,500 prefixes are reserved for Registered Holstein breeders each year. More than 42,000 are now on file for use in giving distinctive names to home-bred cattle. Reservation and use of these prefix names became an active membership requirement in 1965.

In using an exclusive prefix name for his animals, the purebred Holstein breeder establishes a "trade mark" which is used in all published information concerning the performance of his dairy animals.

The origination of prefix

names often stems from farm names, family name combinations, or unique geographical or historical features of the

farm operation. Thus, the exclusive nature of each prefix is preserved in selecting a "one and only" term.

## 27th Annual FALL SALE

## Synthetic Feed Grain Is on Way

Triticale, the first synthetic grain ever created by man, may soon give us a feed belt pushing as far north as spring wheats can be grown. This new crop is a cross between wheat and rye, with some of the hardness found in rye with its ability to produce in cold climates and on poor soils and some of the quality of wheat.

It produces as much as 50 per cent more grain in each head than wheat and each grain is usually twice the size of a plump wheat kernel which it closely resembles.

Some observers say that Triticale could soon challenge corn on a per-acre basis. As for nutrition, it has far greater feed value than corn with the average protein content running about 20 per cent compared with corn at 8 to 10 per cent and with barley at 12 per cent and wheat at 15.

Much of the research work done on Triticale has been carried out by Dr. B. Charles Jenkins, research professor of agronomy at the University of Manitoba at Winnipeg, Canada and one at CIANO (Centro de Investigaciones Agrícolas del Noroeste) in Mexico. This is being done under a grant provided by the Rockefeller Foundation.

## CHECK-R-MIX COME VISIT OUR NEW MILL

we now offer Purina Check-R-Mix custom grinding and mixing service.

WE ARE EQUIPPED TO OFFER YOU THESE SERVICES:

- Bulk delivery
- Custom grinding and mixing
- Grain banking
- Complete line of Purina Chows and Concentrates
- Complete line of Purina Health Aids
- Grain drying

You're cordially invited to look over our modern Check-R-Mix mill, designed to give you fast custom grinding and mixing service. We are proud of the fact that our formula mixing service meets Purina's high quality control standard and carries Purina Research approval.

We also use the exclusive Purina Check-R-Mixer which shows exactly how much Purina Concentrate to mix with your grain to make a well-balanced ration for your livestock or poultry according to their age or weight.

We're looking forward to meeting you and serving you. Come see us soon.

## 4H Horse Show Set for Sept. 25

DANSVILLE - Members of the Dansville Stirrup Steppers 4-H club are busy planning their horse show at the Mason fair grounds on September 25, starting at 10 a.m. The classes and their sponsors are as follows:

**MORNING**  
Junior fitting and showing - sponsored by the Dancer Co., Mason

Senior fitting and showing - sponsored by Chesleys Drug, Mason

Children's pleasure 10 and under - sponsored by Swans Mobil, Dansville

Pony pleasure - sponsored by Mickelson-Baker Lumber, Mason

Junior western pleasure - sponsored by Roy Christenson Ford, Mason

Senior western pleasure - sponsored by A. A. Howlett and Co., Mason

Junior horsemanship - sponsored by Hickory Hill Farms, Mason

Senior horsemanship - sponsored by John Driggs (trophy), Dansville

Junior trail class - sponsored by Dart National Bank, Mason

Senior trail class - sponsored by Bill Parsons Sinclair, Mason

**AFTERNOON**  
Egg and spoon race - sponsored by C. I. C. K. R. Hardware, Dansville

Cloverleaf - sponsored by Diehl's Dairy and Equipment, Dansville

Keq bending - sponsored by Maple Lane Rabbits, Mason

Speed and action - sponsored by Rodjoy Acres Goat Farm, Mason

Rescue race - sponsored by Robert Achterhof Coin Dealer, Lansing

Boat race - sponsored by Weaver Gravel Co., Dansville

Potato race - sponsored by Diehl's Farms, Dansville  
Ribbon race - sponsored by Bill Richards Buick and Rambler, Mason

Flag race - sponsored by Kean's Five and Ten Store, Mason

Surprise race - sponsored by Mason State Bank, Mason

The grounds are being sponsored by Cross Roads Inn, Dansville; Paul's Sunoco, Mason; Ed Waterstat Registered Morgans, Dansville.

Two Hi Point trophies are being given for the morning classes and afternoon classes. They are donated by Perkins Leather Shop, Lansing and by White Birch Riding stables, Mason. For every class there will be 4 place ribbons given. The age limit for the classes is 16 and under for all of the junior classes and 17 and over for all of the senior classes.

Persons seeking information on the show, may contact the club leader, Dean Carmony, or the show chairman, Cheri Ruest.

## Pact Is Signed Sanitary Landfill

HOLT - The signing of an agreement Monday, between William L. and Doris J. Hersey of 3274 E. Holt road and Michigan State university and East Lansing, for a 20 acre plot on their property to be used as a sanitary landfill, brought to a close a year long search for such a property. The East Lansing City Council approved a 5 year agreement with the Hersesys. Cost to the community will be \$400 a month. Hersey has a license to operate a landfill and the property is zoned for such a project. This landfill is only for the use of MSU and East Lansing and is not open to the public. Workmen from East Lansing will operate the landfill. The agreement is such that at the conclusion of the 5 years, it may be extended, if desired.

"Short Navy Bean Crop  
Could Bring Higher Prices"

The August 1 crop report for dry, edible beans issued by the USDA Statistical Reporting Service forecasts the Michigan dry bean crop at 5,947,000 cwt. cleaned basis. This is 20% below 1964 and 17% below the five year average.

About 85.5% of Michigan's bean crop will be navy beans, 11% kidney beans and 3-1/2% other varieties. This means that if the crop actually harvested is near the August 1 estimates, there will be about 5,000,000 bags of navy beans; the smallest crop since 1958. This is more than 1,000,000 bags less than will be needed to supply the average needs of the domestic and export use.

The 1959-63 average domestic disappearance for navy beans was 4,841,000 bags. The average export movement for the same five year period was 1,541,000 bags making a total average disappearance of 6,382,000 bags including donations.

The average usage for seed is about 300,000 bags, which leaves slightly over 6,000,000 bags needed to supply the domestic and export market. The August 1 estimate for Great Northern and California Small Whites is about the same or slightly above 1964 and less than the 1961-64 average. There will be little or no significant carry-over of any of these three varieties from the 1964 crop. The August 1 estimate for Small Whites and Great Northerns would indicate that there will be only a limited amount of these beans available to substitute for navy beans in the market.

Industry reports indicate that except for Canada, the bean crop in other countries will be no larger than last year. Reports from Canada indicate that their navy bean crop could be about 500,000 bags bigger than 1964. This increase in the Canadian crop will compete with Michigan beans on the world market. Recent rains could cause an increase in the bean crop over the August 1 estimate.

Until the crop is finally harvested and we know how many beans we have, growers should consider keeping control of their beans either in home storage or elevator storage.

Those growers who need money on their bean crop can take out a loan under the Government Support Price Program. This loan can be redeemed at any time, before April 30, that the grower wants to sell his beans.

The Support Price for navy beans in elevator storage this year is \$6.65 per cwt, No. 1 bean basis. There is a 25¢ premium for choice, hand-picked grade and a 25% discount on No. 2 grade. The net amount the grower will receive under the Support Program is the Support Price less elevator storage and handling charges.

A grower who stores navy beans at home can get a loan on his beans of \$5.65 per cwt. for 90% of the beans actually in storage.

The advantage to a grower in using Support Price Program is that the grower can receive an advance payment on his bean crop and still maintain control of his portion of the total supply. He is free to sell at any time he feels the market price is favorable prior to Government take-over date on April 30.

Ernest Dalby of Aurelius township says his first harvested field yielded 16 bushels per acre and picked only one pound per bushel. He plans to store his beans this year.

Orla Sheathelm and Sons of Dansville irrigated their beans once with an inch of water at blossom time. This helped his crop tremendously. He estimates his yield at 25 to 30 bushels per acre with a low pick providing the weather cooperates. Orla plans to store his bean crop in anticipation of a better price.

Notices Are Mailed  
On Wheat Acreage Cut

ASCS county offices have mailed notices of 1966 farm wheat allotments to wheat farmers. In most cases, the farm allotments are smaller for 1966 than they were for 1965.

An explanation was offered by Chairman Frank Light of the agricultural stabilization and conservation state committee.

"Farm allotments are smaller because the national wheat acreage allotment is smaller. For 1965, the national allotment was 49.5 million acres. For 1966, it has been reduced to 47.8 million acres -- down 1.7 million acres, or about 3.4 percent. The law also provides for a small-farm acreage increase as for the 1964 and 1965 crops. This would increase the national allotment about 4 million acres for a total national effective allotment of approximately 52 million acres.

"By law, the national acreage allotment is established at an amount which, based on expected yields, will produce a quantity of wheat equal to anticipated needs. The quantity of wheat needed for 1966 is about the same as was needed for 1965, but with a general increase in yields fewer acres are required to produce this amount."

Light said that the decision was made to send out the allotments at this time so farmers would have as much time as possible to plan their farming operations for next year.

"We recognize there will be a lot of questions about details of the wheat program," he said, "but they will have to wait until Congress enacts one. The Senate is working on farm legislation now. Meanwhile these notices contain the official allotments for the 1966 program.

State Police Report  
Busy Month of July

State police officers made 22,728 arrests in July, 20,512 for traffic offenses and 2,214 on criminal complaints, according to the department's monthly activity report.

In addition, 812 juvenile traffic offenders were arrested and 586 delinquent minors apprehended. Troopers assisted 7,812 motorists, investigated 9,076 cars, gave 25,908 oral warnings to drivers, and made 11,638 property and 2,460 liquor inspections.

Department vehicles traveled 1,849,830 miles, of which 1,115,455 were on traffic patrol and 734,375 to investigate criminal and other complaints.

The identification bureau received 13,827 sets of fingerprints, of which 7,742 were criminal and 6,085 noncriminal.

Eight wanted persons were identified.

Of 1,924 applicants for permits to carry concealed weapons, 210 were identified through their fingerprints with criminal records.

Two unknown dead were identified by the same means. The scientific crime laboratory made 478 examinations, of which 289 were on questioned documents, 94 on firearms, 39 on tool markings, and 56 miscellaneous.

Laboratory assistance numbered 36 for State Police posts or other department units, 17 for sheriff departments, 61 for local police, and three for other federal, state or local agencies.

The fraudulent check section received 209 bogus checks, with 114 of these identified by name or with previous specimens. Face value of the checks totaled \$25,907.37.

Ingham Court Shows  
Heavy Criminal Load

The September 1965 court term in the Ingham county circuit court will begin with 183 cases on the docket. The May court term began with 140 cases during which 250 new cases have since reached circuit court. A total of 207 cases have been disposed of with 183 criminal cases now remaining.

The high level of activity by the Ingham county circuit court is evidenced by figures released from the Michigan Supreme court showing that the Ingham county prosecuting attorney's office commenced 788 criminal (felonies and high misdemeanors) cases in circuit court in 1964. For the same period Oakland county had 652 circuit court cases, Genesee county had 486 and Macomb 789. Oakland county has 7 circuit judges, Genesee and Macomb each have 4 circuit court judges, while

Ingham county's heavy case load was handled by 3 judges.

By coincidence the 1964 September circuit court criminal docket also began with 183 cases. The September circuit court docket for 1963 had 130 cases and in 1960 reflected 104 cases.

Of the 183 cases now pending 80 are scheduled for trial within the next 6 weeks.

ORDER FOR SUBSTITUTED SERVICE

3513-C State of Michigan, in the Circuit Court for the County of Ingham.

LILLIAN L. BRENNER, Plaintiff, vs. ELECTRONICS SYSTEM RESEARCH, INCORPORATED, RALPH A. LYMAN, CHARLES F. LYMAN, DONALD E. O'BEIRNE, LLOYD R. SMITH, HENRY W. WOLCOTT and GEORGE LYMAN, Defendants.

At a session of said Court, held in the City Hall, in the City of Lansing, Ingham County, Michigan, this 23rd day of August, 1965, Present: HONORABLE LOUIS E. COASH, Circuit Judge.

On reading and filing the verified Petition for Substituted Service, filed by Plaintiff, and it appearing that the Court has limited personal jurisdiction against Defendant, DONALD E. O'BEIRNE, under the provisions of Section 600.1940 and 600.705 of the revised Judicature Act of the State of Michigan;

NOW, THEREFORE, IT IS ORDERED that the said DONALD E. O'BEIRNE enter his Appearance in the within cause and answer the Complaint heretofore filed within Ninety (90) days from date hereof, the said action being an action on Promissory Notes and endorsements thereon; that in the event of failure to appear or answer within the said period of time, Plaintiff may file the Default of said Defendant and take Judgment in said cause.

IT IS FURTHER ORDERED that a copy of this Order be published in the Ingham County News at least once in each week for four (4) consecutive weeks, commencing on or before Thirty (30) days from date hereof, and that a copy of said Order be mailed to Defendant at his last known address.

Countersigned: Cornelia G. Bergeon Clerk A true copy: Cornelia G. Bergeon Deputy County Clerk 34w4

MORTGAGE SALE--Default

having been made in the terms and conditions of a mortgage made by ROBERT GENE DELONG and HELEN ANN DELONG, his wife of City of Lansing, Ingham County, Michigan, Mortgagee, to FRANKLIN MORTGAGE CORPORATION, a Michigan Corporation, of Detroit, Wayne County, Michigan, Mortgagee, dated the 5th day of August, A. D. 1960, and recorded in the office of the Register of Deeds, for the County of Ingham and State of Michigan, on the 16th day of August, A. D. 1960, in Liber 791 of Ingham County Records, on page 513, which said mortgage was thereafter on, to-wit the 12th day of August, A. D. 1960, assigned to UNITED FEDERAL SAVINGS AND LOAN ASSOCIATION, Des Moines, Iowa, and recorded on August 22, 1960 in the office of Register of Deeds for said County of Ingham in Liber 791 of Ingham County Records, on page 1018, on which mortgage there is claimed to be due, at the date of this notice, for principal and interest, the sum of Seven Thousand and Eight Hundred Ninety-nine and 93/100 (\$7,897.93) Dollars.

No suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof, Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Thursday, the 14th day of October, A. D. 1965, at 12 o'clock noon, Eastern Standard Time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the Michigan Avenue entrance of the City Hall Building, in the City of Lansing, County of Ingham, State of Michigan (that being the building where the Circuit Court for the County of Ingham is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgages, with the interest thereon at Five and one-fourth per cent (5-1/4%) per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect its interest in the premises. Which said premises are described as follows: All that certain piece or parcel of land situate in the City of Lansing, in the County of Ingham, and State of Michigan and described as follows, to-wit:

Lot 22 of Northlawn Subdivision of part of the S.W. 1/4 of Section 3, Town 4 North, Range 2 West, City of Lansing.

**Bowmen Planning A Shoot**

LESLEIE--Plans were finalized for an All Day Shoot Sept. 19, which will take place 1/2 mile south of Leslie on the southeast corner of Olds road and US-127, at a meeting of the Leslie Bowmen Archery club Sept. 10.

Arrangements to get merchandise for the deer silhouette shoot which is to begin at 9 a.m., were made. Trophies and prizes will be given. The shoot is open to the public.

On Oct. 2-3 the club is planning the annual deer drive at Higgins Lake.

Presiding at the monthly meeting was the president Clayton Jewell, Jr., with 16 members attending. The club meetings are every second Tuesday of the month at the Leslie G.A.R. hall beginning at 7:30 p.m.

**HOLT** - Born to Mr. and Mrs. Randy J. Wheeler, 22821/2 north Cedar street, Holt, a daughter, Spring Marie, September 4 at Sparrow hospital. Mrs. Wheeler is the former Lois Straight.  
Born to Mr. and Mrs. Kenneth Orr, Willoughby road, Holt, a daughter, Kimberly Jane, September 1 at Sparrow hospital.

**AUSTRALIA BOUND** — Miss Eleanor Foreman of Webberville (center) talks with Mrs. Hershell Head, (left) and Mrs. L. W. Coffee about her forthcoming trip to Australia. Mrs. Coffee has just returned from that country after a 5 year residence there and briefed Miss Foreman on the customs of the country.

**Webberville Resident Starts for Australia**

WEBBERVILLE -- Eleanor Foreman of Webberville will leave Sunday Sept. 19 for a year's stay in Australia.  
Miss Foreman returned recently from a European trip in which she visited 10 countries in the interest of youth for understanding and constructive religious work with the young people of the world.  
This trip was in company with Judy York and Nancy Haight. All three were workers in the Webberville Methodist church.

Miss Foreman an alumna of Webberville High and of Michigan state university took a leave of absence from her teaching in Tawas Schools to make this trip to Australia

under the International Farm Youth Exchange (IFYE).  
A few weeks ago she spent the afternoon with Mrs. L.W. Coffey who had just returned from Australia after spending 5 years there with her family.  
Mrs. Coffey had traveled widely with her husband through the continent in his work as an employee of the British government in mineralogy research.  
While she was a house guest of her sister, Mrs. Hershell Head, she shared with Miss Foreman on the customs and habits of the people she was to meet and briefed her on customs peculiar to the Australians way of living — many of which are much different from our own.

**Williamston Briefs**

WILLIAMSTON — Allan Liverance, who has been absent from his duties at the Peoples State bank for a few weeks because of sickness, is back at his desk at the bank.

Sue Greenaway, a saleswoman in local stores for more than 70 years, and in later years in her own business, has been out of the store a few days because of sickness.

Mrs. Hazel Howarth has been confined to her home the past week because of sickness.

**Post 148 Installs Officers**

The American Legion auxiliary of Post 148 had their installation of officers on September 8 at the Vevay town hall. The Ingham county saloon of 445 of Lansing did the installing. They were Mrs. Owen Gleason, Mrs. King Stacy, Mrs. Tom Brown, Mrs. Medford Richards, Mrs. Carl Leiger, Mrs. John Collins, Mrs. George Lenon, Mrs. Carrol Borgman and Mrs. Houston Hodges. Mrs. Ed Steves was organist.

Members installed were president, Mrs. Grace Ankey; first vice-president, Mrs. Viola Doane; secretary, Miss Catherine Barber; treasurer, Mrs. Ethyl Woodard; chaplain, Mrs. Olive Brown; historian, Mrs. Erma Palmer and sergeant at arms, Mrs. Dora Lassen.

Mrs. Owen Gleason, the installing officer, was presented a corsage. Mrs. Elizabeth Chapple and Mrs. Jesse Sheffield of the Holt unit were guests.

Mrs. Iva Sawyer, the outgoing president, was presented a gift. She thanked the members of the unit for their wonderful cooperation during the year.

Mrs. Pearl Jewett, the hostess, served coffee and assorted cookies at the close of the meeting.

**It's a Girl**

LESLIE - Born to Mr. and Mrs. William Carlson of Hammond, Indiana, a daughter, Andrea Christine, Mrs. Carlson is the former Charlotte Baldwin, daughter of Mr. and Mrs. Merton Baldwin of 412 W. Bellevue street, Leslie.

**Leslie Council, Schools To Move on Street Work**

LESLIE — Improvement of Kimball street near the new Leslie high school moved a step forward this week when the village council was advised by William Durfee and Guy Keifer that they had met with the Leslie school board regarding the improvement as recommended by Peter Kurzk, village engineer.

The council was told that the school board has agreed to pay about \$3,400 and the engineers' fee to install storm sewer in the street and the school will pay also about \$5,900 plus the engineers' fee and the village will pay \$2,100 for grading, sand and gravel.

When the work is completed the village will accept the street and make plans for blacktopping.

A change in the Leslie traffic code which would remove the limit on maximum penalties for moving violations in the village was recommended to the village council when it met Tuesday night. The recommendation was made by Leonard Rouse, justice of the peace, and Donald Haynes, village marshal. The matter was referred to the council's police committee.

The council authorized Haynes to reappoint last year's crossing guards and the substitute for another year and to provide suitable replacements in case any of the guards do not wish reappointment. The guards are Oscar Wilson, Vernon Long and Leo Parsons. The substitute is Charlene Harkness.

The Leslie Improvement association which is sponsoring Roundup days this week asked the council to run off or cover 3 street lights on Main street next Saturday so a motion picture could be shown. The movie is a feature of the Roundup festival. The property committee of the council will confer with Consumers' Power company on the request.

Floyd Wallace who is constructing several homes near his tractor sales building on Hull road asked that the portion of the road where the homes are located by rezoned from commercial to single residential. A hearing on his request was set for October 4.

Cloyd Waldon asked that a drive be built to his new garage on E. Bellevue street. The village will build the drive and Waldon will pay the cost.

Several residents in Blair street asked permission to construct a sewer, which the council granted but with the proviso that the sewer meets all village standards.

Kenneth Makin asked permission of the council to move his house from its present location at 612 W. Bellevue street to a point outside the village and was told to submit the route the moving will take and pay a \$10 fee.

often required him to lose time in completing his work.

The council referred to the committee a request of Peter Robey of the Aeroquip corporation for an 8 inch water main to be constructed to the Aeroquip plant at 614 Mill street to serve a sprinkler system at the plant. The council decided better service could be provided if the line were run from the village pumping station on E. Bellevue directly to the plant, which is but a short distance away. The council's decision was sent to Aeroquip.

In other action, the council: Transferred \$5,000 from water and sewer receiving to operation and maintenance.

Authorized Duane Phelps, village president, to attend the state meeting of the Michigan Municipal league in Grand Rapids, September 15 and 16.

Authorized a change in hours for the village clerk and village treasurer from 2 to 5 p.m. to 1 to 4 p.m. daily. The treasurer, however, will work from 1 to 5 p.m. until November 1.

**Aurelius News**

AURELIUS CENTER — This was a lively week in our town as children returned to school and organizations started moving actively.

The Aurelius 4-H club met last Thursday night at the Town Hall. The following officers were elected: Beverly Rosebury, President; Alice DeCamp, vice president; Bruce Anderson, secretary; Barry Rardeen, treasurer; and Mike Pifer, reporter. The following and leaders were listed for fall and winter activities: Knitting, Mrs. August Balzer; clothing, Mrs. W. D. Orr; handicraft, Mrs. Lewis Bugbee; electrical, Dick Pifer; woodworking, Dorson Droscha.

To end the summer activities and start fall, 5 families met for a family gathering at the Don Scott residence. They all live on the same road and next to each other. They were Mr. and Mrs. Larry Sims and daughters, Susan, Sharon and Shiela; Mr. and Mrs. John Coy and children, Steve and Connie; Mr. and Mrs. Donald Scutt and children, DyAnn and Donnie; Mr. and Mrs. Tom Dingley and children, Tommy, Tony, Timmy and Marie, and Cecil Rosebury and daughter, Beverly.

set for the teachers and the Board of Christian Education to meet.

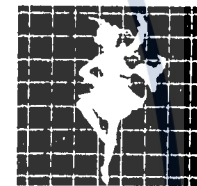

The coaches Weirauch and Besonen and their families gave a picnic for the boys' softball team. Due to the weather they met and ate at the church.

This last Sunday was Communion. Besides the meeting of the teachers and Board of Christian on Tuesday the Pioneer Girls met on Wednesday evening and now have ten girls attending and have seven members. This next Sunday will be the monthly Singpiration Service in the evening.

The Cub Scouts will have an organizing and charter meeting Thursday at the Town Hall at 8 p.m. Boys ages 8 - 11 are especially invited to join. "Gospel Favorites" is the title of a new long playing record, just released by the Rev. Frederick Raft and his family. The record contains 6 family numbers, 5 children's trios and one solo.

A son was born Sunday to Mrs. Billy Rich, (Janet Rosebury). While her husband is overseas she is staying with her parents, Mr. and Mrs. Cecil Rosebury. Her first child, a daughter, Robin, was born in California.

**The Following Letter Was Sent To Parson's Sinclair:**

PLAID stamps

E. F. MACDONALD STAMP COMPANY · DAYTON 1, OHIO

Dear Sir:

Concurrent with the Great Atlantic & Pacific Tea Company's announcement to discontinue giving Plaid Stamps in your area, the Plaid Associate Account Service Representatives have been withdrawn. Our action is based on the belief that any stamp plan is not a totally effective sales promotion tool without major food support. Even though our service representatives will not be in your area, Plaid Stamps are available to you on a mail order basis. Stamp pads can be obtained by sending an order, together with your check or money order payable to the E. F. MacDonald Stamp Company, to:

E. F. MacDonald Stamp Company  
7714 West North Avenue  
Elmwood Park, Illinois  
Attention: Mr. Woodrow Wilson

The stamp pads will be sent to you promptly by return mail. However, you should anticipate your needs for additional stamps by approximately 10 days to allow for mailing and handling.

You will want to inform your customers that although area Plaidland redemption stores have been closed, free Home Delivery boxes are located in all A&P stores for redemption of merchandise in our Gift catalog. Instructions for redemption of gifts through this system are available at every A&P. Gifts may also be ordered by mail according to instructions in the back of each Saver Book.

We appreciate your past patronage. If you have any questions, please contact me at the above address.

Sincerely,

E. F. MacDONALD STAMP COMPANY

*W. L. Wilson*  
W. L. Wilson  
Western Region Manager

A SUBSIDIARY OF THE E. F. MACDONALD COMPANY

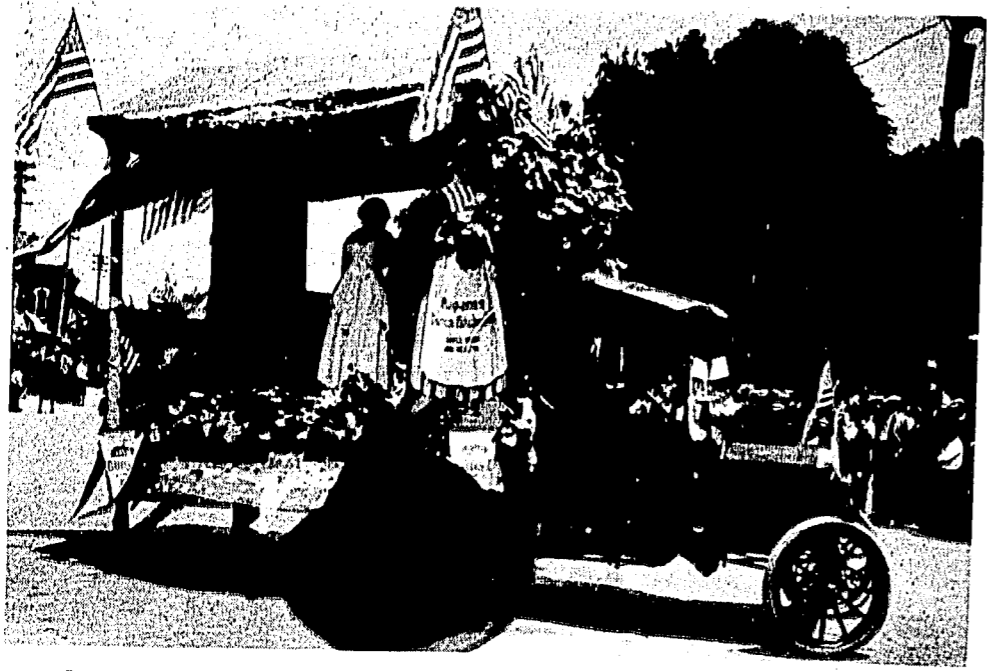

**In the dropping of Plaid Stamps Mr. Bill Parson's of Parson's Sinclair Makes This Announcement. "We Have Lowered Gas Price and Labor Rate To Bring Benefits Direct To the Customer."**

Mason

Parade time brought them out in Mason in the good old days as this picture indicates. Here is a float as it passes through the Jefferson-Ash intersection. It depicts the "modern" kitchen of the day.

## The Ingham County News

In Our Opinion—

Wednesday, September 15, 1965 - Page C-2

### Let's Get Serious

The average Michigan resident is getting fed up with the constant harping and backsliding on the tax reform issue. Since the days of the constitutional convention the Michigan taxpayer has been bombarded with charges and counter charges, claims and counter claims, yelps for urgency and cries for slow action or no action.

The tax reform question deserves much more than the chess game action being lippled by those who are using it for purely partisan purposes.

The main aim of Governor Romney professed months before he became a candidate for governor was tax reform. On occasion Democratic leadership has taken to the stump urging tax reform. Yet the air is full of nothing but hanky

panky as politicians on both sides jockey defensively, tempering their action and inaction with guessing as to how tax reform will look to the voters at the next election.

The other cloud hovering over the tax reform issue is the silver lined one which has the state's tax take and resulting surplus--bookkeeping style--fooling everyone into thinking we have no problems.

It's hard to sell tax reform when everything seems to be coming up roses.

The rosy picture doesn't alter the fact that Michigan's tax structure needs a serious study.

The trouble seems to be that a few legislative leaders don't have it in them to get serious.

### Nothing for Something

It used to be that you could take paper currency to a bank and trade it for gold coins.

That went by the wayside and we adopted a system where, by the courtesy of the government, you could trade some paper money for silver coins. That, too, has become a memory, or soon will be.

Now the paper currency will be exchanged for a sandwich coin of baser metals.

Back in those early days when silver was abundant and gold scarce, American politics revolved around the issue of bi-metallism. The sound dollar boys who adhered only to gold, had this to say about the silver coins.

"It has all the attributes of money, except value."

The same thing could be said for the sandwich coin to be minted out of scrap metal.

We have reached the point where our money is worth only what our government says it is worth. Even this is an intangible value built on the fluctuations of confidence in our government.

There have been governments that followed this path of substituting nothing for something in the coin of the realm. They have followed it to the extent that the money was not worth the paper it was printed on.

This has not happened to us--yet.

### The Secrecy Cult

There's a great move on to put the courts of Michigan and of the United States in a vacuum. Two committees of the State Bar of Michigan are urging curbs on news media.

They are suggesting that the supreme court set up rules banning news containing statements concerning crimes and subsequent trials.

Similar moves are being made in Washington where the Morse bill would forbid defendant, defendant's counsel

or any federal employe from releasing information to the press.

The Iron Curtain, the Berlin wall, the Bamboo Curtain are no more deadly than the curtain advocated by the cult of secrecy in government and the courts.

Acts done in the searching glare of the public eye stand a better chance of being on the side of justice than those same acts done in the shadows of secrecy.

## Yester Years

**One Year Ago--1964**  
Enrollment in Mason schools reached the highest point in history with 3,107 pupils in the elementary, junior and senior high schools. M. Chandler Nauts, superintendent of schools, said Wednesday.

First steps which will start the Mason swimming pool project on its way were taken by the Mason board of education Wednesday when a resolution was passed to borrow \$200,000 to build the pool.

**10 Years Ago--1955**  
To mark 50 years of service with the bank, directors of Farmers' bank of Mason presented Cashier Lucius R. White with a wrist watch last Thursday.

Browne Cavender post of the American Legion last Sunday dedicated to the community its new Legion building north of Mason. Justice Harry F. Kelly of the state supreme court headed a list of distinguished persons who participated in the ceremony.

**20 Years Ago--1945**  
Otto Hartig, owner of Michigan Farms in Delhi township, has purchased 325 acres of the old Thorburn homestead on the highway opposite Michigan and will operate it as a separate division.

Mr. and Mrs. Donald C. Baker of Jackson sold their home and an acre of land in Alaledon township to Mr. and Mrs. Mason E. Reynolds who later sold to the present occupants, Mr. and Mrs. Joseph Sterle.

**30 Years Ago--1935**  
Newcomers to Mason will be welcomed at a reception in the school gymnasium Monday night. The reception is sponsored by the Kiwanis club and the entire community is invited. Arthur W. Jewett, V.J. Brown and J.B. Dean comprise the committee in charge of the event.

W.C. Hancock, Jr., an employe of the Ingham County Road commission, suffered cuts on his wrist when his truck went into a ditch between Mason and Aurelius Friday.

**50 Years Ago--1915**  
A proposal to bond the city for a sewer system failed at the polls at a special election this week for a second time. The vote was 177 against the proposal and 150 in favor of it.

Rev. G.W. Maxwell has been returned by the Michigan conference to the pastorate of the Mason Methodist church for another year.

**75 Years Ago--1890**  
Harry Peters was among Mason exhibitors who took premiums at the state fair. He got a 2nd on matched carriage horses with his George Miller and Louis Napoleon bloods.

Rev. A.D. Newton, pastor of the Mason Methodist church and his family are being transferred to the pastorate of the Methodist church at Charlotte.

## Barbs and Praise

Secretary of State Rusk is just going to have to get along without my advice on foreign policy. I had to reject an invitation to participate in a regional conference on United States foreign policy which had been extended by Ambassador-at-Large W. Averell Harriman which was set for Flint.

It's no wonder our state department judgment is challenged so often. Picking Wednesday as a conference date for enlightening weekly newspaper people is about as poor a piece of timing as could be made. Wednesday is the critical day weekly newspaper people slave around the clock trying to make the buck that the state department policy gives away.

Actually I would really like to attend. Up until getting the letter from Averell, I had never known that there was a state department policy except one of contrived confusion.

Everyone's got to be organized these days. One of the new ones sending in communiques these days in the University of Michigan Student Employees Union. This organization claims to be concerned with all the economic problems connected with attending college at U of M.

The statement of policy sheet advocates the same old tripe of those who would have us embrace socialism. They want state-supported University of Michigan to go into competition with Ann Arbor business. Not realizing that

the Ann Arbor businessmen are providing the tax funds that keep a college roof over Johnny College's head and ignoring the fact that private enterprise as well as businessmen as individuals heavily endows U of M -- a fact which has put U of M in the educational elite among colleges.

The same fact sheet put out by UMSEU weaves the old theme of "profits are dirty" through its presentation.

If organizations are the answer to everything then I am swooning for a new one of my own. It will go under the call letters of TWASOWOCCC.

This is alphabetese for Taxpayers Who Are Sick of Whining of Coddled College Crybabies.

\*\*\*

Mason fell behind St. Johns in the blood contest. Mason didn't lose by default, though. Donors turned out 148 strong to give at Friday's bloodmobile stop. This would have been enough to overtake the St. Johns givers except that there were 25 rejects for one reason or another.

Appropriate ceremonies are being planned for presenting the new flag to the St. Johns city hall. It is anticipated that at the same ceremonies a purple letter will be awarded to Bob Raab of the News staff who burned himself when he flopped over into his cup of coffee.

*Dick Brown*

## country and town

Well, The Ingham County News is going to give an American flag to the city of St. Johns Republican-News, Ink White. Even though St. Johns has a record of supplying more blood to the Lansing Regional Blood Bank, the News dared to challenge this northern Goliath to a blood duel a year ago.

A flickering hope that the Mason folks could carry off this bold contest faded Friday night when the Mason blood supply ran dry just a few pints short of the goal. Still, it was a valiant effort and during the campaign, Mason people gave more blood than ever. That, of course, is the ultimate reason for the challenge in the first place.

Actually, Mason had St. Johns running scared. Publisher Ink White, ordinarily a rugged individual who relishes a slow-down of this sort, evidently became so saddened by the show of strength down here in Mason that a week ago he sold his newspaper. We still have to find out if he told the new owners about the expected obligation to buy a new flag for the Mason city hall. But if Ink sold his paper to avoid paying off the bet, it was for naught, because the way things turned out it's the News that has to come up with the flag.

Ink White is a publisher turned banker. After a long stretch as publisher of the Republican-News, Ink is now going to devote full time to the trust department of the Clinton National bank. Heading up a trust department is a tribute in itself to the St. Johns publisher. He has earned

ed a trusted reputation as publisher among both St. Johns people and among newspaper men and women around the state. The fact that Ink plans to stay right on in St. Johns must be good news for those in the community. And if we ever hear that he doesn't salute the St. Johns city hall flag we're going to take back all of the nice thoughts we have about him.

\*\*\*\*

The News has added 2 new features recently to the paper. How do you like them? One is the distinguished citizen feature and the other is the You Don't Say... column. We're anxious to get any suggestions for men or women to be featured as outstanding citizens and if there's a special question you want the News roving reporter to ask, just tell us.

\*\*\*\*

Memo to the city council: Stick to your guns in the Oak street battle. The street never looked so uncongested -- nor so safe -- as it has with the cumbersome school buses off the street and the street opened to traffic. Now let's get the school buses and the bus garage over to the high school property and we'll really be making headway. The district will end up with an extra classroom or 2 and the bus congestion around the junior high school will be eliminated.

*Jim Brown*

### Guest Editorial

#### Love Isn't Aim of Press

(The editorial below comes from the pages of the Charlotte N.C. Observer. It was written by Cecil King, chairman of International Publishing Corp., London.)

It is not the job of the press to be loved, to keep everybody happy and to preach sunshine all day. The press is not the servile tool of governments and people in power. Nor is the press the cause of the events it sometimes reports.

The press throws light in dark places. It dispels ignorance and reduces prejudice. It widens horizons and enables changes to be made less painfully. It provides governments with information of the effects of policies so that mistakes can quickly be put right.

Most important of all, it aids the people to express their views to those in power and so influence the course of events. The press, if it does its job fearlessly, constantly probes, stimulates, asks awkward questions.

It strews obstacles in the path of smooth administration by giving the official game away. It frequently makes known what some would prefer to hide. It speaks out about the unspeakable.

This isn't a job calculated to make the press liked very much by those in authority. This does not matter. The press doesn't ingratiate itself.

If it is doing its job it is bound to make enemies -- mainly the pompous, the official, the over-secretive, the self-important.

## Down by the Sycamore

By Nelson D. Brown  
Edited by Margaret Brown

November 28, 1946

My grandmother always went trading--never did she go shopping. Trading passed out of the picture with prices plainly marked on the stuff merchants have to sell and standard prices fixed for what they buy. In earlier days a woman traded her eggs and butter for groceries, a farmer traded things he raised for what he had to buy. Newspaper files of 1900 carried appeals from the editor for farmers to bring in stove wood to apply on the subscription. If John L. doesn't send his miners back to work a farmer with a load of stove wood will be able to do trading on a big scale before the winter is over.

December 5, 1946

Thus begins the second decade of Down by the Sycamore. It was an even ten years ago that the column was born. No wonder the newsprint shortage has developed. Over a period of ten years, Down by the Sycamore has used up 530 columns, better than 65 pages of print. People wring their hands over Anthony Adverse or Gone With the Wind, but both of them finally ended. This thing is still limping along. There is nothing easier than the writing of a column such as this. All I have to do is put down on paper what flits through

my mind as thoughts, opinions, hunches and suspicions. Probably that's why the column deals more with hogs than sunsets, more with the little boats which ply the Sycamore than with the big ships which sail the ocean blue.

This issue is dedicated to Everett Scarlett of Holt and to Ivan Opdyke, Emery Jewett, Frank Guerriero, Jim VanderVen and John Shepard. Scarlett wouldn't take a penny for his big truck and trailer used to move the house from Mason to the Ledesma lot in Aurelius, and he even helped load it. Opdyke piloted the truck and trailer and was general superintendent of the moving job. He can handle big stuff. He can put that big trailer within an eighth of an inch of where it is wanted. He wheeled his truck and trailer across a culvert, over a ditch and wheeled that house around over a half-mile of plowed muck to pull up on the exact spot chosen. Jewett, Guerriero, VanderVen, and Shepard, like Scarlett and Opdyke, piled out of bed early Thanksgiving morning and worked right up until noon when the moving job was finished. The house was loaded, moved six miles away and re-erected without being tipped over even once. The same crew now has the job of moving the standpipe.

### PRAYER FOR THE WEEK

PRAYER: Father in heaven, we thank Thee for Thy love embodied in Jesus Christ our Savior. Save us from the folly of walking in darkness when the light of life shines all around us, through Christ our Redeemer. In His name we offer to Thee our prayer. Amen.

## Homecoming Plans Move Forward at Haslett High

By MARCIA CAMPBELL  
Haslett High School

HASLETT - With homecoming on its way, October 15, Haslett students are busy making preparations. The entire celebration is based on the theme "Motion-Pictures". To start the activity moving will be the parade consisting of floats, the band, and the representatives to the Queen's court.

MARCIA

Every year each class builds a float to enter in competition. The floats are designed according to the movie which the class chose to represent. During half time the floats put forth their final show, while the band plays the theme song as the float is presented.

The seniors do not make a float according to the theme, or do they enter competition.

PATT HYNES

TO COLLEGE - Patt Hynes, above, a 1965 graduate from Haslett high school has left for Western Michigan university to start her freshman year of school. During her 4 years at Haslett high she was a cheerleader. In her freshman year, she was on the freshman squad and during the remaining 3 years was a member of the varsity cheering squad. In her senior year she was chosen captain of her squad. Now she has been chosen a member of the varsity cheering squad at W.M.U.

The seniors' float is made to seat the Queen and her court. The Queen is chosen from 3 candidates who are selected from the senior class, then the entire student body votes to choose their Queen. Along with the Queen on her float are representatives from the freshman, sophomore, and junior classes.

After the parade the football game between the Haslett Vikings and Gabriel Shamrocks begins.

During half time the floats are judged and the chosen Queen is announced. During the crowning the band directed by George Heller will be playing "Dear Heart", the theme from the movie "Dear Heart".

This is not the end of the Homecoming activities. They are not brought to a close until the following night, October 16, at the annual Homecoming dance. This year the Haslett Student Council will plan the dance which will follow the theme, "Motion Pictures". All in all the weekend should prove to be very exciting and wonderful.

BACK IN THE SWING - Members of the Mason High School student council are getting busy with plans for this year's school year. (left to right) Gloria Brown, assistant treasurer, Dave Droscha, alderman-at-large, Marcella Smith, mayor, Jennell Cappo, secretary, and Holly Hill, treasurer.

## Pupils Welcomed At Mason High

By PAT O'BRIEN  
Mason High School

Robert Prudon, Mason high school principal welcomed both old and new students back to school at an assembly last week. He stressed the importance of everyone realizing the crowded condition of the school and the need of cooperating in easing the situation.

PATRICIA

He then presented Marcella Smith, the mayor of the student council, who also gave a welcome speech and introduced the other officers; Dave Drocha, alderman at large; Holly Hill, treasurer; Gloria Brown, assistant treasurer; and Jennell Cappo, secretary.

The new drum major, John Hill, and the majorettes, Mary Jane Schofield, Mary Anne Snook, Nancy Lyon, Debbie Palmer, Jackie Stubbert, and Carol Roberts have been leading the band while it practices marching and learns new arrangements for halftime shows. George Murtham, the

band director, has been working hard to ready the band for our first game Friday.

About 15 boys who are interested in trying out for cross country met with Mr. Finch Wednesday after school. They started practice Thursday to be in shape for the first meet on October 19. Last year was the first year Mason had a cross country team, and though inexperienced they won several meets.

Student council representatives were chosen by their home rooms Friday. Those elected are:

Sophomores - Pat Birney, Carol Campbell, Mary Fink, Mike Hilgert, Dave McClung, Jim Powers, Julie Seyfarth, and Mike Wontner.

Juniors - Robin Bobzine, Butch Brumbaugh, Alex Fetters, Sue Ingham, Pat O'Brien, Dave Pletzke, and Jim Thorburn.

Seniors - Sara Bateman, Darrell Castelein, Bill Ely, Gineen Janson, Dick Miller, Mary Jane Schofield, and Patty Smith.

The traditional Anchora signing party took place at the school Friday night. Everyone had a wonderful time thumbing through the Anchora and remembering all the fun of the past year. Congratulations to the Anchora staff for such a fine book.

The junior class officers met with faculty advisors Monday to discuss some of the class responsibilities, such as the football and basketball concession stands, the magazine sale, and the Junior-Senior prom. Those who attended the meeting were Alan Drocha, president; Sue Ingham, treasurer; Mary Anne Snook, vice-president; and Alex Fetters, secretary.

## Teachers Introduced At Leslie

By KATHY ISHAM  
Leslie High School

LESLIE - Students at Leslie high started school last Wednesday. The program for the first day included an assembly and a full day's schedule was shortened to 10 minutes for each class.

In the assembly, the new principal Leonard Sinke introduced the new teachers and reviewed school rules. After the assembly students received their schedules and ran through shortened classes.

Of course everyone has been confused this week but by Friday students had their classes straightened out. Many new students at Leslie added to the confusion because none of these knew their way around. The solution to the problem was just a friendly smile and a helping hint from some of the "old pros."

## Classes Elect Officers

By MARSHA LOTT  
Webberville High School

WEBBERVILLE -- A school opened Wednesday everyone was glad to be back and see all the friends they had missed during the summer. Everything was in full swing as grades 7 through 12 had class meetings. At these meetings class officers were elected.

They are: 9th grade president, Kevin Karacoom; vice president, Ray McFarland; secretary, Patty Nichols; treasurer, Dan Kurtz; sergeant of arms, Sam Glover; student council representatives, Diane Fuller and Vaughn VanOrden.

10th grade: president, Robert Terill; vice president, Jayanne Arnold; secretary, Dorothy Moore; treasurer, Judy Eddy; student council representatives, Pam Smith and Karl Waite.

11th grade - president, Rich Davidson; vice president, Marsha Lott; secretary, Pam Law; treasurer, Dorothy Benjamin; student council representatives, Chuck Ross, John Sivain, and Larry Ross.

12th grade: president, Leo Durtey; vice president, Rick Teague; secretary, Sandy Botsford; treasurer, Ron Vicelli; student council representatives, Ron Lunsted and Jerry Arnold.

The student council also met. Members discussed the homecoming with Morrice on September 24. On September 23, 24 and 25 the firemen are having their annual ox roast so the school parade will be a part of theirs. Each class will also have a booth at the ox roast as a money making project.

Photographers will be at the school to take colored pictures of the elementary on September 14. They will take pictures of grades 7 through 11 on September 15 and senior pictures on September 16 and 17.

The P.T.A. will have its first meeting September 15 when all the teachers for the year will be introduced.

There will be a sack hop September 17 in the gym to give out the year books and for the purpose of signing them.

Raymond Ryan was the guest of honor at a surprise birthday party given for him by Dan Dansby last week. The teenagers played records and enjoyed refreshments. Those attending were Raymond Ryan, Dan Dansby, Jayanne Arnold, Ron Lunsted, Jerry Arnold, Linda Lunsted, Sandy Ryan, Gary Graham, Connie Roll, Chuck Ross and Bruce Chamberlain.

Marcia Chase, Linda Strobel and Marsha Lott had a good time Saturday night at the 4-H service club hayride. They had a short business meeting and a hayride followed by a wainer roast. 4-H members from all over Ingham county attended.

## 'Day in School' Planned For Parents in Holt Area

HOLT--Parents of all students attending the Holt junior and senior high schools will have the experience of a "day in school." The parents will attend abbreviated class sessions on consecutive nights, if they have students in both schools.

Tuesday night, September 21, 1965, has been selected for the junior high parents, and Wednesday night, September 22, will be the night to visit the senior high school. Both events will start at 7 p.m. Students should inform their parents of the homeroom to

FROM HOLLAND - Miss Jean Shoemith of Mason (left) and her houseguest, Miss Hanneke Lyklema of Apeldoorn, Holland, who will attend Mason high school this year.

## Dutch Teen-Ager Enjoying Mason

Hanneke Lyklema, an 18 year old Dutch girl was among the 3,200 and more students who enrolled at Mason high school last week.

She comes from Apeldoorn, Holland, where she graduated from the Gymnasium, which corresponds to an American high school last June, but will take an added year as a senior at Mason high.

She is a guest of Mr. and Mrs. Loren F. Shoemith, 526 W. Columbia street and their daughter, Jean, also a senior at Mason high school this year.

Miss Lyklema's father is head of the Lyceum, which comprises 3 schools including the Gymnasium in her home town of Apeldoorn, a city of 11,000 inhabitants about 60 miles southeast of Amsterdam in the central part of Holland.

She will receive her American diploma next June.

She arrived about 4 weeks ago after a flight from Amsterdam with some 70 or more other students coming to Michigan all under the Youth for Understanding program. The trip from Amsterdam to Detroit took 18 hours with stops at Shannon, Ireland and Newfoundland, she said.

Miss Lyklema finds some things different here from those in her own country.

"The houses are much larger in Holland than they are here and set very close together. Most people live in apartments," she said.

She finds foods here somewhat similar to those in her homeland but the combination of foods here is different.

Miss Lyklema has 2 brothers and 3 sisters, all older than she. Both of her brothers are chemists. Her eldest brother, Johannes, spent a year in Los Angeles about 3 years ago as a guest of a professor in California university. He was in the United States this summer also on a lecture tour.

Miss Lyklema is a lover of sports, especially volleyball,

basketball and softball, which she plays in Holland. She is a member of the Dutch Reformed church, the leading religious faith in her homeland.

While in Mason high school she will study speech, government, vocal music, home economics Spanish and typing. She speaks English quite fluently. She learned the language at the Gymnasium (high school) which she attended in Apeldoorn. She said the Apeldoorn Gymnasium is the only secondary school in Holland that teaches Latin and Greek. She also studied the Dutch language, English, French and German.

"I like America very much," she said. "The people here are very kind, friendly and very hospitable." She hopes while in Michigan to visit some of the Holland people who live in the western part of the state.

## Teens Aid Dystrophy Campaign

By PATRICIA MARTIN  
Holt High School

HOLT - Holt teenagers had a successful Muscular Dystrophy drive Tuesday, September 14, from 6 to 8 p.m. The campaigners were divided into groups, Bob Hoffman taking the Elliott district, Ron Karr was appointed to the Midway area, and the Sycamore area was assigned to Diana Dart.

Mrs. Richard Albert was in charge of the event. The sponsors were the Kiwanis club and Holt Key club.

Congratulations to Shirley Robertson, a junior at Holt high school. Shirley won Intermediate girl's first place in a target shoot sponsored by the Michigan Archery association at Ferris State Institute, Big Rapids.

Holt cheerleaders have been working hard so they can support their teams well when the time comes.

Freshmen cheerleaders for this year's football season are Patty Burt, Jane Drumheller, Elaine Jackson, Doreen Simmon, Ruth Skinner, Sally Wagner and alternate Karen Patton.

Reserve cheerleaders are Diana Good, Linda Hadwin, Joan Bauer, Becky Gardner, Chris Marvin, Karen Cokomougher and alternate Nina Haven.

Cheerleaders for the varsity team are Jean Sigsby, Paula Gilpin, Chris Urquhart, Linda Adams, Linda Galka, Ann DeChelbor and Barb Whitted.

Jean Sigsby, Diana Dart and John Adams, seniors at Holt, were selected for a teen salute in a local newspaper.

## 1,100 Students Begin Classes at Dansville

By CHERI RUEST  
Dansville High School

DANSVILLE - Approximately 1,100 students entered the doors of Dansville high last Wednesday to begin the first day of the 1965-66 school year. This year two new courses are being offered to the Dansville students. They are Spanish I and Journalism. The Spanish class is being taught by Mrs. Helen Laughlin. The Journalism class is being taught by Mrs. Alice Hunt.

The Spanish class adds a new flavor to the Dansville high curriculum in that it is being taught on a conversational basis. The many students who are taking the course say that they are really enjoying the class because of it.

CHERI

The Journalism class is also off to a good start this year. Many of the available positions are already filled. They are editor, Connie Galbreath; subscription manager, Martha Freer; adver-

tising manager, Kathy Leonard; artists, Becky Butler and Carol Laxton; photographers, Art Stampfly, Annie Quinn, and Jerry Ernest. The main project of the class is to put together the Bricks and Ivy yearbook. In their spare time they plan to print and edit a school newspaper.

Besides the many new students and courses at Dansville high this year, 6 new teachers have been added to the regular faculty. For the senior high there is Mrs. Sandra Major, English and Speech; Mrs. Helen Laughlin, Spanish I and English; Scott Dean, history and government; and Robert West, English and social studies. For the junior high are Mrs. Elizabeth Tiltson, social science and Wayne Vibbert, science and boy's physical education.

Helpers for the High School office were chosen Wednesday. They are Sherry Wing, 1st period; Ellen Baker, 2nd period; Michelle Ruest, 3rd period; Judy Wonsey, 4th period; Barbara Voss, 5th period; Leah Suprin, 6th period; Susie Wagner, 8th period; and Cindy King, 8th period.

All seniors who signed up for student teaching met with Irvin Cobb, the new elementary principal, Thursday afternoon. He will notify them next week as to which class they will help.

Mrs. Norma Craig, in charge of the librarians and the first aid room, chose her staff for the year Thursday. Their names will be announced later.

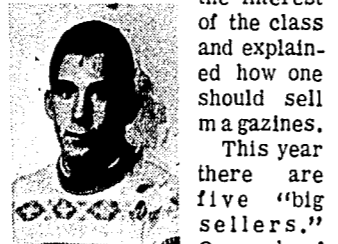

The Dansville Aggies football team traveled to Ovid last Friday to play a scrimmage game there.

The first class meetings of the new school year are set during the 1st period Monday when new officers will be elected.

## Williamston Teens To Sell Magazines

By ANDY DAIGNAULT  
Williamston High School

WILLIAMSTON - With the opening of school many activities got under way. First the Junior class had a full class meeting Thursday, September 9. The purpose was to kick off the annual magazine sales campaign. At the meeting Mr. West representative of the different magazines, aroused the interest

ANDY

of the class and explained how one should sell magazines. This year there are five "big sellers." On each of these makes 50 percent - Look, Life, Readers Digest, McCall's, and Better Homes and Gardens. The remaining 150 possible magazines are worth 30 percent to the class. The goal this year is \$2,000, leaving the class with an approximate earning of \$900. This money will be used for the junior-senior prom and banquet and the senior trip next year.

At the end of the campaign, the highest salesman will have a choice of prizes ranging from a hair dryer to a table top radio. The next 3 high salesmen will choose prizes of lesser value. Then every person who has sold \$20 worth of magazine subscriptions will have his name put in a drawing box. Every salesman with \$5 or more sales after the \$20 sum is reached will have his name for each sales over the \$20. Then there will be 19 drawings to see who will get prizes in-

cluding cameras, watches, blankets, radios and stuffed animals.

Chairman and captains were chosen this week. They are chairman, June Lowrie; assistant chairman, Andy Daignault; publicity chairman, Adele Durkee and Marcella Graham; and captains, Dave Forson, Steve Harkness, Shelley Head and Cindy Hammond.

The yearbook staff composed mainly of new students and a new teacher met at the home of Rhonda Baker, Thursday night. The purpose was to explain selecting and cropping pictures and laying out pages. These students will begin in the supplement Monday. This is a group of pages printed each year on spring sports, the Senior Play, and the prom and banquet. Members of the staff are co-editors, Marg Lechler and Rhonda Baker; sports, Andy Daignault and Steve Kranz; advertising, Roger Daignault and Chuck Lott; layout, Chris Wilzer and Roy Phlester.

## Holt Band To Play At MSU Game

HOLT - Approximately 3,000 young musicians will join Michigan State university's marching band for the 11th annual high school band day Saturday, September 18. Thirty-six schools will be represented. Holt high school band will be among those attending the event. The bands will join the Michigan State university band in several formations. The bands will arrive at MSU at 7:30 a.m. and rehearsal from 8:30 until 10 a.m. They will then enter the stadium at 2 minute intervals.

## First Dance of Year At Stockbridge High

By RUTH CAMP  
Stockbridge High School

The first dance of the new school year took place last Friday night when the athletic department sponsored a "Sock Hop."

The affair was a great success, bringing in about \$135 to be used to help pay for the newly installed electronic scoreboard at the football field.

Every year the school hires new teachers to replace ones who have gone elsewhere or retired. This year's list includes: Bernard Blair, science; Charles Davidson, instrumental music; Donald Klinger, Spanish; Peter Loso, mathematics; Mrs. William Osterman, mathematics; Mrs. Peggy Parrot, girls physical education; John Schmult, social science; Kathryn Schreiber, commercial; Mr. Herron, special education and Mr. Probst, special education.

Each year class advisors are appointed by the principal. They are usually assigned to a class and remain with the group through graduation. This year's advisors are: Mr. Nash and Mr. Clark, seniors; Mrs. Bogart and Mr. Woodman, juniors; Mrs. Thornbury and Mr. Loso, sophomores; Mr. Hora and Mr. Morris, freshmen; Mrs. O'Brien and Mr. Radoski, eighth grade; Mr. Barry and Mr. Schmult, seventh grade.

## Why do some stamps stick better than others?

No, it's not the glue. The truth is that some stamps are better than others. They do a better job of giving people what they want. The proof is that more people save S&H Green Stamps than any other stamps. And it's been that way since 1896. Other stamps come—and go—but *you know* that S&H will still be redeeming America's most reliable, most valuable stamps in 1996. ■ That's why the best stores chose S&H instead of some other stamps. And that's why S&H chose the best stores. We knew they wouldn't play games with your thrifty shopping habits. ■ So if you want the best stamps, stick with S&H Green Stamps. They'll stick by you...today...tomorrow...in 1996.
